PRESIDENT APPROVED HIGHWAY TO PARK

Fire Prevention Week Is Observed

SCHOOLS TAKE PART TO MAKE FIRES FEWER

Inspect All Property Before Winter Months Begin

OCTOBER 8-14

Mayor C. R. Burrow Asks That Citizens Co-Operate

Observation of Fire Prevention Week in Canyon is urged by a proclamation issued by Mayor C. R. Burrow. This week has been set aside for observation over the nation. All citizens of Randall county are urged to co-operate in the activities of the week.

The schools of the county are observing Fire Prevention Week by calling attention to fire hazards which exist, and which may be so easily removed. The saving of life and of property through proper precautions to avoid the dangers of fire is the principal reason for Fire Prevention Week.

Citizens are asked to inspect their property during the week and to remove all fire hazards.

Among the common causes of fire, which the citizens are asked to remove are:

Trash in or near frame buildings. Grass or weeds near frame buildings.

Defective chimneys. Defective electric wiring. Leaks in gas lines.

Defective gas and oil stoves. Cleaning with gasoline in homes.

Many fires have been caused in Canyon the past year by some of the above causes, which could have been prevented by a little precaution.

Observation of Fire Prevention Week may save some of the citizens of Canyon and Randall county thousands of dollars through the coming year.

Fred E. Wertham Is Appointed As Justice of Peace

At the meeting of the Commissioners Court Monday, Fred E. Wertham was appointed Justice of the Peace in precinct No. 1 to fill the unexpired term of the late J. L. Prichard.

Mr. Wertham has been a resident of Canyon for several years, coming as a member of the Canyon News staff. He resigned three years ago to accept the position of secretary of the Chamber of Commerce. During the past year he was secretary of the local Relief Committee.

The office of Justice of the Peace will be moved to the Chamber of Commerce office on the first floor of the court house.

S. H. Condon Spoke at Wolf-Lin School Tues.

Professor S. H. Condon was guest speaker before the Wolf-Lin Street P. T. A. "Mothers and Dads Night" at Amarillo Tuesday evening. His subject was "The world in which our children will live."

Mr. Condon stated that there were as many fathers as mothers present at the meeting. Miss Ethel Jackson is principal of the school. Mr. Condon enjoyed the Junior Orchestra of the school and especially a ten year old saxophone player who may appear in Canyon a little later.

Mr. Condon is to go to Portales, New Mexico to speak before a community meeting on Oct. 25th.

Mrs. Geraldine Green was the speaker before the Esther McCrory Chapter, D. A. R. at Amarillo Monday, her subject was "Fascism." On Thursday Mrs. Green will speak to the members of the P. T. A. at Pampa.

714 Wheat Farmers In Allotment Plan

List of Applicants Is Published In This Issue

Everything is set in Randall county to carry out the provisions of the Wheat Allotment. Randall county is one of the first counties in the state to get the organization complete, and working plans in order for final execution.

In this issue of the News is found the list of 714 names, wheat producers of Randall county, who have made application to come under the provisions of the allotment plan. This list is published in order that all farmers may see who has asked for contracts, and to give a complete history of the acreage and bushels produced for 1930, 1931 and 1932, and also the number of acres planted for 1933.

County Agent W. H. Upchurch states that Randall county is 15 per cent above the amount allowed by the federal government. This means that the allotment committee must reduce the applications for the farmers in order to meet the amount designated by the government.

Carl Robinson, United States agricultural statistician for Texas, spent yesterday here with the county allotment committee. The figures for the county were carefully checked, and instructions were given the community committees as to how reductions were to be made in order to come within the total set up by the government.

A representative of the agricultural department at Washington is expected to come to the Panhandle within the coming week owing to the number of questions which have arisen during the allotment campaign. It is stated that a number of counties are about ready for final action, and some policies must be settled at once.

Community committees will start this afternoon to make a final check up on all applications in their districts. This work will be completed within a few days.

Just how long it will take to bring the campaign to a close and have the contracts signed is yet problematical. The county committee has many things yet to do before the contracts are made, which will be the final step before the \$290,000 allotment money is ready for distribution.

Tax Rolls of the County Are Approved by Commissioners

The tax rolls of Randall county for 1933 were approved Monday by the Commissioners Court. The rolls were completed last week by Burney Slack, tax assessor.

The total taxes for Randall county this year is practically \$10,000 less than the assessments on the rolls of last year.

Help Keep Canyon Clean.

Buffaloes to Take on McMurry Friday

Bisons Expect Stiff Competition From Visiting Redmen

One of the most important football games of the season will be played at Buffalo Stadium Friday night at 8:00 o'clock when the Buffaloes will meet the McMurry Indians of Abilene.

The Buffs came through the hard battle of last week in good shape, with no major injuries. All of the men have been in hard training this week with the view of ironing out the defects which came to light in the last game.

The Indians are a strong team, for several years among the ring-leaders of the Texas Conference.

Scholarships Will Be Handled Thru Dept. of Education

Dr. J. A. Hill returned Wednesday noon from Austin where he attended a meeting of the presidents of the State supported colleges.

According to President Hill there were many matters of policy to be determined this year, but probably the matter of greatest public interest which was discussed at the meeting was that of scholarships in State Colleges.

The last regular session of the legislature passed a law doing away with scholarships. Since the special session this law has been repealed and the colleges have been authorized to offer one scholarship annually to the highest ranking graduate of every fully affiliated high school in the state. Heretofore scholarships have been awarded to the highest ranking boy and girl of each class.

Under the recently passed law, these scholarships must be used during the scholastic year following the graduation of the candidate from high school. Also the scholarships will be handled thru the State Department of Education, each superintendent of a fully affiliated school certifying the winner of the highest honors to the department at Austin, which will, in turn, furnish a list of the honor graduates of the entire state to each of the State colleges.

This new law and its administration will be of great interest to high school pupils and administrators.

New Officers of Palo Duro Post Are Installed

The Palo Duro Post of the American Legion has installed new officers to serve for the coming year. The year's activities will start with a program on the night of Oct. 20th at which time all ex-service men in the county are invited to attend. It is planned to have a number of interesting programs in the near future to which all ex-service men will be invited.

The regular meeting time will be the first Friday night of each month. A campaign for membership will be started in the very near future.

The following officers were installed:

Guy Harp, Post Commander. Frank R. Phillips, 1st Vice Commander. C. L. Thompson, 2nd Vice Commander.

J. B. Fowler, Adjutant.

W. C. Black, Finance Officer.

Dr. H. A. Brown, Service Officer.

Directors: J. W. Kleinschmidt, Frank R. Phillips, T. H. Knighton, W. E. Lockhart, H. O. Price.

DR. A. M. MEYER NAMED PLACE ON FACULTY

Peabody Man Elected to Place Vacated by Barnett

ARRIVES SATURDAY

Prominent Educator Is Named to Education Department

Dr. Alfred M. Meyer, of George Peabody College for Teachers, Nashville, Tennessee, has been selected by President J. A. Hill to take the place made vacant in the department of education by the resignation of Dr. Albert Barnett. He will arrive Saturday to assume his work at W. T.

Dr. Meyer is a graduate of the high school, Brazil, Indiana, of the Indiana State Teachers College at Terre Haute, of Indiana State University at Bloomington, and received his Doctor's Degree from Peabody in 1931. His experience includes teaching in Ashboro, and Brazil, Indiana, the superintendent at Oxford, Indiana, the director of secondary education at Orlando, Florida, and work in Rollins College at Winter Park, Florida, and teaching in Peabody.

From his former associates come high recommendations of Dr. Meyer; he is known for his fine scholarship, his interest in and ability to work with people and his integrity. President Hill and Dean Jarrett, head of the department of Education are both highly pleased that they could secure such an outstanding man for the position left vacant.

Dr. Meyer is married. He is a member of the Presbyterian church. He has had much experience in civic work, and will be an addition to the cultural life of the town.

Mrs. O. W. H. Cook of Los Angeles was here Monday on business.

Mayor's Proclamation

The destruction of property by fire in America has steadily increased until the annual loss now is approximately 500 million dollars.

These hundreds of millions of dollars have gone beyond reclaim; the money has been worse than wasted.

But far more serious than the burning of property values is the toll of human life and personal injuries by fire that amounts to several thousand each year.

Nearly all of this could be avoided if greater care were taken in constructing buildings, if litter and rubbish were removed from homes and places of business and premises in connection therewith, if children and grown people were thoroughly educated in handling fire and taught the importance of extreme carefulness.

NOW THEREFORE, I, C. R. Burrow, Mayor of the City of Canyon, Texas, in cooperation with the nation-wide movement for the elimination of preventable fire waste, do hereby designate October 8th to 14th, 1933, as Fire Prevention Week in this city.

On these days let our civic and commercial organizations, school officers and teachers, and our people as a whole, arrange meetings and exercises for the study of our fire problems, as well as to impress the seriousness of the wastage caused by fire, and the need for utmost care for the protection of life and property, and let us hereafter, individually and collectively, make the prevention of fire a part of our daily routine.

IN TESTIMONY WHEREOF, I have hereinto set my hand and the Seal of said City, this 6th day of October, A. D. 1933.

(Seal) C. R. BURROW,
Mayor, City of Canyon, Texas.

600 New Men Are Expected at Camps

To Fill Companies And Add New Company At Once

Plans are being made at the Palo Duro State Park to receive 600 more men by the middle of next week.

Recruiting was started Monday in various counties of Northwest Texas to enlist ex-service men to serve for the coming six months at the Palo Duro Park.

Colonel Edmunds was here Monday and Tuesday from Fort Sam Houston to make an inspection of the Palo Duro camps and to make arrangements for winter work. While nothing was given out by Col. Edmunds, he apparently was

(Continued on last page)

Wire Worms Are Doing Less Damage to the Wheat

S. E. Jones, Entomologist of the Texas Experiment Station, College Station, Texas, who has been investigating the Wheat Wire Worm in this section for the past several years, spent a day in Randall county this week.

Mr. Jones makes two or three trips a year to this section. His work is carried on in co-operation with the county agents of the various counties. He reported to county agent W. H. Upchurch that he found a lighter infestation of wire worms this fall than at any time in the past five years.

LARGE CREW BE USED EAST ON HIGHWAY

Relief Measure Signed by President Roosevelt Yesterday

GOHMERT IS READY

Need of Highway For Men Working at Park

President Roosevelt signed the order yesterday which will give definite relief to the 17 drouth stricken counties of the Panhandle.

Randall County's share in the relief work will be devoted primarily to building the highway east to the Palo Duro State Park. Congressman Marvin Jones wired Judge S. B. Orton of the President's action.

County Engineer E. H. Gohmert stated that he was ready to put 500 men at work in order to complete the work in the shortest period of time. He expects to receive orders from District Engineer W. J. Van London during the next few days.

As a drouth relief measure, it is expected that farmers and others who are not on the relief rolls at the present time will be given a chance to work on this highway project.

When word came that the president had authorized this project army officers at Fort Sill were immediately notified. Doubt had been expressed about the advisability of keeping the C. C. C. camps at the Palo Duro Park thru the winter owing to road conditions, and it is believed that with the assurance of this highway, orders will be received to continue the work.

The completion of this highway will be the major relief project for Randall county, and is one of the most important projects in the entire Panhandle.

Legislature Gives Money to Carry on State Park Work

An appropriation will be passed today or tomorrow by the legislature for the benefit of the State Parks Board of Texas. This appropriation will be used in carrying on the various projects over the state.

D. E. Colp, chairman of the State Parks Board, has devoted almost his entire time for a number of years to the State Parks service, but has never received a cent for his work. Under the C. C. C. provisions a number of large park projects are underway in Texas, which requires much travel on the part of Mr. Colp, and considerable other expenses.

The Senate appropriated \$25,000 to the Parks Board, but the House cut this amount to \$12,500. An agreement will be reached between these amounts.

J. B. Ellison of this city was named assistant to Mr. Colp several months ago, and has been devoting his time to the interest of the Palo Duro State Park. The Palo Duro is one of the largest projects in the state.

Miss Mary Hudspeth Establishes a New W. T. Scholarship

Miss Mary E. Hudspeth has established a new scholarship in the College, giving to it the name of "The Betty Royal Scholarship" in honor of her mother.

This scholarship will be awarded each year to a worthy student who is majoring in the field of Spanish. The committee which makes the award is composed of Dr. J. A. Hill, Dean R. P. Jarrett, Mrs. Geraldine Green, and Dr. Harris M. Cook.

This year the scholarship has been awarded to Raymond Williams of Amarillo. Williams is a graduate of Amarillo College and is now a senior in the local college.

Miss Mattie Mae Swisher spent last Saturday in Amarillo.

Fourth Avenue, Canyon, Texas.

Such a muddle. Such a muddle, as we are having with the highway relief program. The federal government has given a special allotment to Panhandle counties which are in the drouth stricken section. But in making the allotment so much red tape has been attached to the road building program, that it looks almost impossible to get the job done. The relief committee is to furnish the men, and local committees are handicapped with so many provisions as to who can work, and who cannot work that it is impossible to make much progress. There are too many bosses to ever put over the job efficiently and economically. The first order was to cut out all red tape. But along comes more red tape than ever before was enforced upon any construction job. Such a muddle. Such a muddle. While the red tape is holding up work, people are suffering.

President Roosevelt did not mince words in speaking to the ex-service men at Chicago. He called their attention to the fact that ex-service men who became ill or disabled outside of actual government service were no more entitled to governmental service than any other citizen. As a result of the frank talk, the bonus question was not proposed at the convention of the veterans. The government will continue to do everything possible for those who are sick or disabled while in service. This is nothing less than any grateful nation should do. It took a brave man to make the statements as did President Roosevelt. None who have followed his course since March 4th will doubt as to his great store of fearlessness in handling problems as they arise.

With all of the agencies at work to relieve conditions imposed by the depression, let none be too hopeful as to the immediate results of all of the plans and schemes. The depression did not start in a day, and it will not end in a day. If it is over within the coming year, the country will be very, very fortunate. In the meanwhile, every citizen has a duty to perform toward the government and his fellow man. All through the fight for recovery, most of our citizens have taken it for granted the government would do all of the necessary work to bring about prosperity, leaving nothing for Mr. Citizen to accomplish. This is a job that requires the co-operation of all citizens; and all citizens must help in the job.

As an example of stock exchange manipulations, one firm testified last week before the Senate investigation committee that it had bought stock for 20 cents and sold it upon its positive recommendation to its customers at \$50 to \$60 per share. How would you appreciate being a customer of a firm which took you to such a pleasant skinning? Will the sucker crop be as large when prosperity returns? No one believes for a moment that the stock gamblers have learned their lesson. They will go back for the same kind of trimmings they always receive at the hands of the professionals. In fact, hard as times are right now, stock gambling goes on at a very merry clip.

The first special session that the Fergusons ever called will come to an end Friday night. Jim Ferguson says that it will be the last special session under a Ferguson administration. The session was called to act upon three subjects, but before the half way mark of the session was reached, the Governor had submitted more than 100 other subjects. That is too many for any legislature to act upon in a thirty-day session. All of the subjects were submitted by the Governor upon the request of members. This is a fine way for the Governor to make a trade with the members to support the bills in which the administration is interested.

The legislature will adjourn Friday night at the end of the 30-day session. The machinery for handling the relief bond issue is being set up by a bill which is likely to be the last thing passed by the session. The bill is not in keeping with the demands of the Ferguson administration, nor is it in keeping with the demands of the Ferguson opponents. It is strictly a compromise bill, with more features in opposition to the Fergusons than in their favor. There is little doubt about the Governor finally approving the

IN THE WORLD OF SPORTS

Despite His Comedown, Walker May Have Just Enough of His Old-Time Stuff
Left to Put an End to Maxie's Clowning

BY PHILIP MARTIN

ON Nov. 3, the little "Toy Bulldog," Mickey Walker, meets, in a title bout, the biggest clown fighter who ever donned a championship crown—Maxie Rosenbloom, king of the light-heavy-weights. And the big question in mind at present isn't who will win, but—how does Rosenbloom, after a year of non-title bouts, happen to defend his crown against the New Jersey veteran?

The answer is, Mickey isn't what he used to be. A year ago we'd probably have picked the Mick to take "Slapsie Maxie." But that was before he met Schmeling in a grueling bout which saw the courageous Walker take everything the German had. That fight took a lot out of those old legs of Walker's.

Rosenbloom, on the other hand, has been absorbing little punishment. His opponents in the last year have been stumblebumps who haven't exerted him. And so, with a body that's always in fair condition, the champ, with his cunning, slapping style, should win.

But it may be that the "Toy Bulldog" has one good sock left. And he may be saving it for Rosenbloom. If he has and is, it's curtains for the champ.

FOOTBALL this year started out with a few more than the usual number of upsets. One surprising development this year, though, has been the fact that the smaller schools, which used to be snowed under by scores of 60-0, 80-0, and other lopsided figures, are making it mighty tough for their big-time rivals.

The big reason for the better showing is the improvement in coaching. A few years back a minor school had to rely on an alumnus to do the piloting. His football knowledge was acquired through painful administering by another alumnus before him. But now the little fellows have unloosened the purse strings to bring to their cloistered walls stars of the gridiron who have acquired their knowledge of football from master minds in the game. And they have cashed in accordingly.

Two illustrations of this are seen in two Pacific Coast schools, St. Mary's and Santa Clara. Both have former Notre Dame players

bill. The Fergusons will not wish to see another session of the legislature, which would be necessary if the bill was vetoed.

The City Commission of Canyon should be congratulated in passing the milk ordinance and setting up the necessary machinery for its enforcement. There is much objection to the milk ordinance by many who have been selling milk without regulation. That was to be expected. But the health of the community is always of more importance than the job of any one individual. It certainly cannot be said that there are those within the county or city who still scoff at the idea that tuberculosis and other diseases are transmitted through milk supply. Let's co-operate in giving the new ordinance a thorough trial.

The News lost a good printing job Friday by discouraging two grafters who were here for the purpose of fleecing the business men. Perhaps the scheme would not have gone over, but at any rate, the men were told frankly that the scheme was worthless and that we would not recommend it to the business firms of Canyon. Maybe The News was in error in turning down this business, but we believe business men should be protected from these grafters as much as possible, and discouraging the grafters is the first place to start the program.

Attorney General Jimmie Allred has lost his \$17,000,000 suits against the major oil companies. Allred has been condemned quite severely by chambers of commerce in oil towns for having filed these suits. Able lawyers have predicted that the suits would eventually be dismissed by the courts. What bearing the dismissal of these suits will have on the political ambitions of General Allred remains to be seen. He is slated to either run for Governor or for United States Senator against Tom Connally.

Fifteen hundred cities in America are said to be in default on their debts. Canyon is not one of them. In fact, Canyon has pulled through the depression with most remarkable success, and has a very small debt in comparison with the wonderful civic advantages offered to the citizenship.

Umbarger Items

Archbishop R. A. Gerken of Santa Fe was a business caller in Amarillo last week. He also visited his sister, Mrs. W. P. Janson of Umbarger.

Mr. and Mrs. W. Bauer and son Davy, Mr. and Mrs. L. J. Wieck, Mr. and Mrs. Charles Friemel and daughter Leona Mae, Mr. and Mrs. Herbert Miller and sons Pat and Carroll, were visitors at the home

If Mickey Walker, above, can summon a bit of his old-time punching prowess during his title bout with Light Heavy Champ Maxie Rosenbloom, inset, on Nov. 3, he may provide an upset.

as coaches—Slip Madigan and "Clipper" Smith—and both have been poison to Pacific Coast Conference teams. Santa Clara, for instance, beat the California Bears, 7-0, in its first game of the year.

The moral: Go to successful schools for your football coaches.

THE 2-year-old stakes this year were dominated by the fair sex. If it hadn't been that Singing Wood won the Belmont Futurity, the fillies would have walked away

with the show.

As it was, Singing Wood collected the richest purse in that race, which brought his money earnings to \$88,050. The next three horses behind him, however, are fillies—Bazaar, Hopeful Stakes winner, with \$38,025 in earnings; Far Star, Arlington Futurity winner, with total purses of \$37,115, and High Glee, which carries under her belt \$25,775 and the Matron Stakes.

We'll hear more of these fillies in next year's Kentucky Derby.

Another NRA
Johns(t)on

Like his brother, Gen. Hugh Johnson, NRA administrator, Alexander Johnston, above, is helping out in the government's recovery campaign. He is assistant to the Department of Commerce solicitor, in charge of Shipping Board cases. The dissimilarity in the spelling of the family name, Johnston explains, comes from the fact that the general dropped the "t" from his last name many years

ago. It's a wise speaker who knows what the master of ceremonies means when he says a short address.

One of the hardest things to do is to appear patient with some fellow whose conversation annoys you.

NOTICE BY PUBLICATION IN
PROBATE

THE STATE OF TEXAS.
To the Sheriff of any Constable of Randall County: Greeting:

You are hereby commanded to cause to be published (in a newspaper of general circulation, which has been published continuously and regularly for a period of not less than one year in your County), at least once a week for twenty-one days previous to the return day hereof, copies of the following notice:

THE STATE OF TEXAS.
To all persons interested in the estate of D. Thomas, deceased, R. H. Wright has filed an application in the County Court of Randall County on the 4th day of October, 1933, for resignation as executor of the estate of D. Thomas, deceased, which said application will be heard by said Court on the 5th day of November, 1933, at the Court House of said County, in Canyon, Texas, at which time all persons interested in said estate are required to appear and contest said application, should they desire to do so.

Herein fail not, but have you before said Court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal, at Canyon, Texas, this 4th day of October, 1933.
(Seal) BERL E. MAYFIELD,
Clerk County Court,
Randall County, Texas.

WAKE UP YOUR
LIVER BILE—
WITHOUT CALOMEL

And You'll Jump Out of Bed in
the Morning Rarin' to Go

If you feel sour and mink and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blisters. Your head aches and you feel down and out. Your whole system is poisoned.

It takes the good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Remedy's substitute. 25c at drug stores. © 1931 C. M. Co.

THE EAGLE'S TALE

VOLUME NO. 8

CANYON, TEXAS, OCTOBER 12, 1933.

NUMBER 5

Cactus Cal

How are you al today?
I know some uv yuh ain't all right, cuz yuh got some black eyes. I never seen the lige of black eyes around here in school, and I can't think of any reason fer um, unless it wuz done in football practice and elsewhere. Hev any of you all noticed that oldest Lisle kid or Johnnie Wilson? If you ain't seen them, maybe you seen Pat Cox. Now if Tyson wuz here I could account fer Pat's eye, but Tyson's away at school and I ain't never knowed of Pat having any enemies that would treat him that bad. It's not a lady, I hope. I been tryin' to find out who some of these guys has been goin' with. I heerd Hampton speaking uv that little Brian gal tother day, but I can't hardly think uv her, as little as she is, hitten' someone like Hamp anyway. But she's got a lot of spunk, and she might try sech a thing. I'd be on the safe side though and act kinder shy around her frum now on, if she was the cause of your blackeye, Hamp.

Johnnie's even minus a tooth, but I don't magin it wuz knocked out, cuz I judge Johnnie to be 'bout the age when kids hev their baby teeth pulled. I wouldn't be positive, but I'm almost sure that his ma tuk a string and pulled it out fer him. I though the other day that one of his teeth looked loose. But this tooth business, doesn't settle this eye trouble. It's queer that all of them boys got a black eye on the same eye, and the right eye at that. It looks a little suspicious to me. One guy that's got an extra good left swing musta hit all three uv yuh a good lick. Johnnie, yuh and your little bud is still gettin' along all right, I guess, and I ain't noticed you with a gal lately, oh I've seen you with gals, but not especially hard-hittin' women. I bet someone of your tough friends wuz teasin' yuh about your kinky hair, and you jist got mad and hit 'em one, and as a return gift he jist give yuh a hefty sock in the right eye.

I ain't in no position to say whether my opinion about them eyes is right er not, but right or wrong, them kids is really got black eyes. If yuh got that swelled up eye honorable, then yur ought to be proud uv it. You might never get anudder like it. I'm shore sorry yu Eagles never got to play the Quiltake Panthers. I wanted to see yuh whip 'em; yu'll jist have to give them Friona ginks the whippin' you aimed to give them Panthers. Here's to yore success. Do all yuh kin to win, but above ever thing, be fair and square.

Mr. and Mrs. R. E. Terry visited Mr. and Mrs. George Terry Thursday night.

Press Club To Award Pins Next Spring

The Press Club of 1933-34 has worked up a plan by which it is believed more of its members will be enabled to receive pins than did the past year. The reporters who have the greatest number of points at the end of the year will receive pins. Each article that is written counts one point and each headline one-half point.

The Canyon News has also made a special offer to the Press Club by giving it half of all the money it receives by selling subscriptions to The Canyon News. This money will be used to help pay for the pins. At most of the basketball games and on other special occasions, Eagles Tale reporters will be seen selling candy, chewing gum, and pop corn. This money will also go toward the pins.

Through this plan, with the efforts and co-operation of the Press Club members, more pins can be bought. It is believed that each person will feel that he has had a part in the earning of his pin, and it will be made more valuable to him.

Tawomana Club Has Treasure Hunt Oct. 9th

On Tuesday, October 9, the girls of the Tawomana Club, or the Out-Door Club left the high school building at 3:10 p. m., on a picnic. The girls hiked out to Hales' Park located northwest of Canyon for a treasure hunt, which took the place of the second regular meeting, and is the starting point of the activities that will follow during the remaining school term.

Each girl brought a part of the lunch which consisted of potato chips, sandwiches, fruits, cookies, pickles and lemonade.

The sponsor of this entertainment were: Misses Ethelene Murrell, Claudia Faye Teal and Rosa Cash.

Assortment of Basketball Suits For C. H. S. Girls

What an assortment of girls basketball suits! If anyone has lost a basketball suit, let that person come to the Canyon Grade school gymnasium and see if she can find it among those now being worn by the high school girls in their practice.

Long legged basketball bloomers, the kind that strike you around the knees are worn by some girls, while others wear shorts or trunks.

There are white sweaters with black bloomers, a red blouse and black bloomers, red and white, blue and white, green, tan, and purple suits as well as boys' pants cut off to make trunks.

Girls' basketball practice is colorful as well as instructive.

Sarah Bonnie Bourn visited Geneva Broom in Amarillo over the week end.

Sewell Cox was in Amarillo Sunday.

CANYON EAGLES WIN VICTORY OF 20-2 FROM AMARILLO YANNIGANS IN FRIDAY'S GAME

The Canyon Eagles scored another victory Friday when they defeated the Amarillo Yannigans 20 to 2, but lost when the value of the game is taken into consideration. Little Spec Williams, diminutive Eagle quarterback, suffered a broken collar bone early in the third period of the game. This injury will probably place Spec on the shelf for the remainder of the season, and, as he is a senior, it will probably end his high school football career. The entire team will suffer from this loss because Spec was a quarterback that cannot be replaced on such short notice. Chris Wooten, Eagle center, received a hip injury which will probably prevent his playing next Friday when the Eagles are hosts to the powerful Friona Chiefs.

T. V. Slack, Eagle fullback, plunged over for the first touchdown in the first quarter, and kicked the goal. The Yannigans scored a safety when Slack fumbled a punt behind the goal.

Sewell Cox plunged over for the second counter in the fourth quarter. Slack failed to kick the goal for the extra point. S. Cox scored again in the last few minutes of the game on a beautiful 45-yard dash around right end. Johnson made a beautiful kick from placement for the extra point.

Just before the game ended, the flashy Ed Brooks, substitute halfback for the Eagles, intercepted a Yannigan pass on the 40 yard line and carried it 27 yards.

High School Girls Meet to Plan Girls' Activities

Under the supervision of Miss Lois Goodrich, all of the girls met in the auditorium last Thursday to discuss activities for the coming year. At the beginning of school they had voted for several different games to be played during the noon period.

The three requests that seemed to be most popular with the girls were play ground ball, tennis, and horse-shoe pitching. Two other activities that were asked for were volley ball and basketball.

Activities for organization were also discussed. The girls chose picnics, hikes, teas, instruction in etiquette and the study of vacations for girls as interesting activities for the year.

The girls plan to start these activities very soon.

MAXINE WALLACE ELECTED QUEEN IN SAN JON

Maxine Wallace, a former Canyon High School student, was elected queen of the high school of San Jon, New Mexico where she is now attending school as a senior. Maxine will probably be crowned this coming week end.

Rosa Cash visited in Plainview Sunday.

Bonnie B. Dickinson visited Gwen Byars Sunday.

Football Schedule

Oct. 13—Friona at Canyon.
Oct. 20—Happy at Happy.
Oct. 27—White Deer at Canyon.
Nov. 3—Tulia at Tulia.
Nov. 10—Hereford at Canyon.

Coach Al Baggett Speaks to Students At Assembly

Coach Al Baggett, the new coach at the College and head of the Physical Education Department, spoke to the students Thursday afternoon on the development of physical education.

Coach Baggett said that to be a well-rounded person, one must develop body as well as mind. He said that the World War brought out the need of physical education; and though old-timers thought of play as useless, the modern age now sees its value. Since the advent of the NRA, play has been a means of occupying leisure time that we would not otherwise know how to use. Co-operative sports, as well as providing a means of using leisure time, give opportunity for character building. One learns to "play fair," an acquirement that is invaluable in later life.

Coach Baggett closed his talk by saying, "I plan to see all your ball games this year, and want you to see those the Buffaloes play. We are interested in you and want you to be interested in us."

Grade School Notes

In the grade school, recently, several organizations worthy of attention have been formed. Among these are the following:

The rhythm bands of the grade school music department in the first, second, third and fourth grades have been started and are already doing excellent work.

The Home Room program for the past week had for its aim the explanation to the pupils of the various public officials, their duties, and in what manner they are elected.

On Friday, the entire fifth, sixth, and seventh grades met in the study hall and gave summaries of their various Home Room programs; each room having studied a different phase of the subject.

The pep squad leaders for 7A have been elected. They are, Mary Horn and Natalie Flesher.

Fire Prevention Week, October 9 to 13 has been observed, well, in the Grade School. A complete organization has been formed in order that the students might be prepared for the drills that will follow.

Hampton Lisle visited in Amarillo Sunday.

MORE EAGLE'S TALE NEWS ON NEXT PAGE

Dedication

To Wesley Williams, this issue of the Eagles Tale is dedicated by the staff of 1933-34.

Wesley is a football letterman on the Eagle squad, and has played clean and noble football throughout his high school career. Now his career in high school football is likely ended, as a result of a broken collar bone received in the game Friday with the Amarillo High School Yannigans.

Freshmen-Parent Banquet Proved To Be Success

Having as their first social affair, the Freshmen and their parents had a joint banquet Thursday evening, Oct. 5, at 7:30, with 150 people present.

The parents, wishing to get acquainted with the faculty members and the parents of other freshmen, furnished the food, which made the banquet possible.

After eating, the freshmen introduced themselves and their parents to the group. Mr. Carruth introduced Mr. Terry, Miss Goodrich, Miss Jordan, Miss Foster, Miss Angel, Miss Brasuel, Miss Murrell, Miss Clark and Mr. Fox.

Mrs. Collins, a parent, gave a welcome to the freshmen, to which Lester Clouch, president of the freshman class, responded. Marielle Oldham, a freshman, welcomed the parents and gave them some of the plans and aims of the class. Mrs. Robinson, a parent, talked on the subject of co-operation of parents and teachers, and Supt. Carruth concluded the program with the aims and ideals of the school system, and the part played by students, faculty, and parents.

Music was furnished by Laurence Shuman who played the French harp, accompanied by Estill Furlow, who played the mandolin, and by eight freshman girls, Mary Collins, Fay Plaster, Marielle Oldham, Carolyn Mayfield, Billy Louise Greenfield, Evelyn Cluck, Beulah Brasuel, and Mildred Shuman who sang Girl Scout songs.

At the conclusion of the program everyone stood and sang the school Pledge Song.

There was approximately 32 parents at this banquet.

P. T. A. Brings Magician Here Tuesday Night

Tuesday night, October 3, at the Canyon High School auditorium, R. E. (Bob) Clark, from Amarillo entertained with a performance of magic. He made different articles disappear and then reappear at some other place.

One of his slight of hand tricks was to make a small white rabbit appear out of the mere shaking and turning of a handkerchief.

This entertainment was sponsored by the Parent-Teachers Association of Canyon.

Fourteen Students Plan to Debate Coming Year

"Resolved that the United States should develop a system of radio similar to that of Great Britain."

This is the debate question of the year of 1933-34, and the students of Canyon High School are ready to try their ability in debating.

The following girls are coming out for debates:

Mary Ella Davis, Armor Lee Greenfield, Laura Fern Brian, Bobby Joe Cheyne, Rosa Cash, Irene Thompson, Mary May Harrison, and Dora Mae Plaster.

Armor Lee and Laura Fern both lettered in debate last year.

The boys are: Francis Elliston, Jack Oldham, Robert Orton, Alton Brasuel, T. V. Slack, and Earnest Duncan.

If there are any other people that would be interested in debates, Mr. Terry, the debate coach, urges them to see him.

Material has been ordered from Portland, Maine, for information on this course.

The debate team will meet Octon debaters before Christmas and they may meet Happy.

The Canyon students are all considering the question and show great interest in it.

Lena Jennings Is Elected President of Tawomana Club

Tuesday afternoon, Oct. 3, the Tawomana club met under the supervision of Miss Ethelene Murrell to elect officers.

Lena Wade Jennings was elected president. Claudie Fae Teal was elected secretary.

A short program was given. A song was sung by Lee Christine Cousins, Yvonne Thomas, Gladys McBride, Lorna Cone, Claudia Fae Teal, and Laura Fern Brian. Mary May Harrison read the club's creed. The club sang some songs.

A board of directors was appointed by the president as follows:

Director of Recreation—Rosa Cash

Director of Social Service—Lee Christine Cousins.

Director of Songs—Laura Fern Brian.

Director of Publicity—Lela Bell Johnson.

A picnic was planned for Tuesday afternoon, Oct. 10, at Hales' Park.

The club will meet on the second and fourth Tuesday of each month.

Claudia Faye Teal visited in Floydada last week end.

FIRE PREVENTION

Do you realize the real purpose of fire drills and of fire prevention study? Fire drills are conducted for two purposes: First, to train occupants to leave a building orderly and quickly in case of an emergency alarm; secondly, to teach self-control in case of emergencies in later life. These aims can be accomplished only when military discipline is required of all occupants of a building.

In school life one might help by being careful about matches and cigarettes.

Did you ever stop to think that the school building really means as much to you as your home, even if it is a public building?

The least you can do is to co-operate in fire drills. A fire is never announced five minutes before hand for your special benefit. Old man fire is very sneaking. He slips up on you in the middle of the night and also during school.

Be prepared! Be careful! Know what to do and when to do it in case of fire or fire drills.

All occupants of buildings must be subject to orders and take part in fire drills.

FIRE!

WHERE IS THE FIRE?
SOME ONE'S HOME OR PROPERTY IS BEING DESTROYED AND IT MAY BE THAT SOME LIFE IS LOST.
IT MAY BE THE ENTIRE LIFE'S EARNINGS OF SOME ONE.

WHAT CAUSED THE FIRE?

IT MAY HAVE BEEN CAUSED BY NEGLIGENCE. IF SO, IT WOULD BE CLASSED AS CRIMINAL NEGLIGENCE.

It may have been accumulated rubbish that should have been cleaned up or defective electric wiring done by some incompetent electrician who did not know his business, or did not have the material to make a safe job.

Light fuses burning out is evidence that there is a short somewhere which should be located and repaired. By no means should a coin or any other substitute be used for a fuse plug. If you use one, very likely you will start a fire.

Gas pipe lines should be inspected and tests made at every connection and valve to see that there are no leaks. This can be done with a small can of soap suds being applied with a small brush. Whenever there is a leak, a soap bubble will appear. It is safer to use gas rubber hose only one season because rubber hose deteriorates with age—some more than others. The best is always the safest. It should be securely fastened to gas cock and stove spicket so there will be no chance for it to slip off or be knocked off.

All flues and vent pipes should be well inspected at least once a year to see that they are in safe condition.

A gas water heater should never be installed without a vent. If it is installed in a closet, by no means should anything that would burn be stored in the same closet. In some cases clothing, brooms, floor mops, and papers have been in the same closets and caught fire.

Floor oil mops, oil rags and varnish rags should always be hung up and not thrown down in a close corner where spontaneous combustion can take place.

Matches should be kept in a metal box. Nothing but a metal container should be used at any time to take up ashes in.

If clothes cleaning has to be done with gasoline, it should by all means never be done in the house but should be done out of doors.

Oil or gasoline should never be used to start fires in stoves. It is very dangerous and often causes loss of life and property.

Eighty per cent of all fires are due to neglect and carelessness. This being Fire Prevention Week, let us in every way check all fire hazards to prevent fires.

(Continued from the preceding page)

Terry of Canyon vs. Terry of Olton in Debate Contest

In the high school section of the Olton Enterprise of Olton, Texas, where R. E. Terry, brother of George S. Terry of Canyon, is director of debating, the following paragraph appears:

"The first big clash will be when Olton meets Canyon in the near future. Four teams from each school will meet for a practice contest, but that's not all. I don't want to be personal, but I think it's a family fight. Terry of Olton vs. Terry of Canyon. There is a prize offered for the first team to beat Canyon."

If Terry of Canyon has anything to say about this, no Olton team will win that prize. Neither does any Canyon student want to see a Canyon team defeated. The school must give its support to the debaters when they meet Olton.

Freshmen Girls Get Locked Up In Carruth's Office

Some of the upper classmen think the freshmen are greener than they really are. Four or five freshman girls were let into Mr. Carruth's office by Mr. Terry to use the telephone. When the girls were through using the phone, they started out of the office and found the door locked from the inside.

They thought they would have some fun; so they acted like they couldn't get out. There were some upper classmen outside the office, and the freshmen told them to tell Mr. Terry to let them out. When Mr. Terry told the freshmen how to get out, the upper classmen thought it was a big joke on the freshmen, but the freshmen for once had the joke on the upper classmen.

FORMER STUDENT PLAYS WITH OLTON MUSTANGS

Ford Lain, a former student of Canyon High School, now residing at Olton, is one of the outstanding players of the Olton High School team, known as the Mustangs.

Assembly Schedule

Oct. 12—Mr. Herschel Coffee and Church of Christ Minister.
Oct. 19—Assembly Etiquette.
Oct. 26—Open.
Nov. 2—Mr. Sheffy—museum.
Nov. 9—Pep rally.
Nov. 16—Medical Association.
Nov. 23—Thanksgiving program.
No. 30—Glee Club, assembly singing; Mrs. Barker.
Dec. 7—Book and Literary program, Goodrich, Jordan, Terry.
Dec. 14—Texas History program, Terry.
Dec. 21—Christmas program, Miss Angel.

Ex-Student Gets Good Example of School Loyalty

For the last few weeks, indeed ever since school opened September 4th, practically every sentence, speech, or lesson that the student has come across has begun or ended with "Loyalty to your school!"

It is sincerely hoped that every individual will be as loyal as Miss Jane Clark of last year's graduating class, who returned on a visit to Canyon high school October 4th, and spent the entire afternoon mending books in the library. She has also promised to come back at some future date and instruct this year's librarian in this art.

Jane's loyalty could well be equaled by the present users of the library in handling the books they obtain with such care that mending will be unnecessary.

Did You Know

That the Home Economics Club meets next Tuesday?

That the play ground baseball, tennis and horse-shoes are being played by the girls at noon?

That this week, October 9-13 is Fire Prevention Week?

That Friday Oct. 13 the Eagles play Friona here?

Freida Lowrie visited in Sanford Sunday.

Lorna Cone visited in Floydada Sunday.

Many Students Will Celebrate Oct. Birthdays

Twelve high school students are celebrating birthdays in the month of October. There are three Freshmen who have birthdays in this month, two sophomores, three juniors, and four seniors.

Those who have birthdays on the same day are Boyd Clayton and Irene Thompson, who will celebrate the 15th. Myrtle Chitwood and Eddie Ruth Cobb will celebrate the 31st. Bob Orton and Helen Hardman will have birthdays on the 20th.

Laura Fern Brian celebrated the 3rd day of this month, Lelabel Johnson will observe the 14th, Forrest Hill the 19th, Sewell Cox the 10th, Lovenia Watkins the 18th, and Lena Wade Jennings will celebrate the 27th.

Students Are Observing Fire Prevention Week

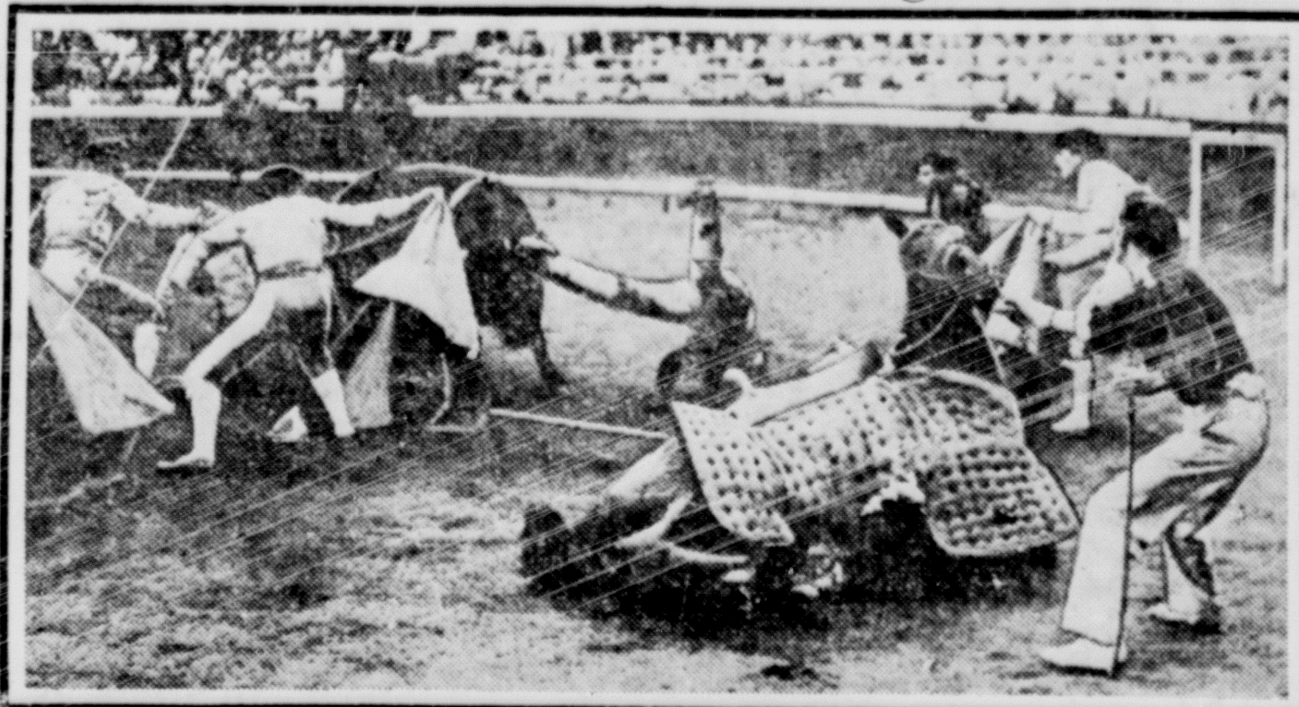

Fire prevention week will be observed in Canyon High School, in many various ways. There will be fire drills sometime during the week. Thursday's assembly program will be devoted to fire prevention. Probably there will be some themes devoted to this subject.

The grade school will also observe fire prevention week in various ways. There will be fire drills and probably themes and posters.

Eagles Meet Friona Chiefs Fri. Afternoon

On Friday, October 13, at 3:30 p. m., the Canyon Eagles will meet the Friona Chiefs in a conference football game which promises to be a fast hard-fighting tussle. Your Student Activity Ticket if paid up to date will enable you to enter the stadium, otherwise the admission will be 25c and 35c. Every Eagle booster is urged to be present.

Bull Shows Off Before Young Roosevelt

This bit of lively action which resulted when the "victim" at a Bilbao, Spain, bullfight suddenly turned the tables on his tormentors, was viewed by Franklin D. Roosevelt, Jr., who was in the stands at the time. Matadors are trying to distract the attention of the enraged bull, which has just sent a picador flying head over heels. The picador's frightened horse is shown in the foreground.

Behind Canyon High School Doors Lie Dark Mysteries

Students of Canyon High School did you know that there is a dark and mysterious secret organization going on in your own school? You have read about such organizations in books and stories, no doubt, but when one starts in the same house with you, it's high time you were finding out about it. The organization has already begun its deadly work. Its hobby is leaving notes containing some kind of warning in front of innocent students' lockers. They are signed "The Mysterious X's." Who these Mysterious X's are, we do not, as yet, know, but students of Canyon high school, beware—lest you befall a victim of their clutches. Again I say—beware!

The faculty of the high school enjoyed a bridge and forty-two party given by Mr. and Mrs. I. B. Carruth in their honor, Saturday night at eight o'clock.

After several games were played delicious refreshments of pecan pie, whipped cream and coffee were served to the following: Mr. and Mrs. Fox, Mr. and Mrs. Ollie Barker, Mr. and Mrs. J. D. Barker, Mr. and Mrs. Strain, Mr. and Mrs. Lee Foster, Mrs. Davis, Mrs. Cousins, Mrs. Murrell, Mr. Jones, Miss Murrell, Miss Gamble, Miss Jordan, Miss Foster, Miss Clark, Miss Smith, Miss McClanahan, Miss Black, Miss Geneva Lowe, Miss Brasuel, Miss Angel.

Laura Fern Brian, Dorothy Dickinson, Rosa Cash and Mary May Harrison spent Saturday night with Irene Thompson.

Mr. and Mrs. A. D. Dickinson and children, Dorothy and Gene, visited Mr. and Mrs. George Terry during the week end.

Home Ec III Girls Had Formal Tea Mon. Afternoon

Still progressing in their study of table service, the girls of Home Economics III class served a formal tea in their dining room Monday afternoon.

Irene Mullins, hostess, was assisted by Mary Ella Lowe, who served the tea. Stuffed cream puffs, coconut strips, salted peanuts and divinity were also served. A color scheme of yellow and brown was carried out.

Nearly all of the girls are seniors, and they feel that now they can be better hostesses to the freshmen girls when the Freshman-Senior tea is given.

ARE YOU CO-OPERATING WITH THE N. R. A.?

N. R. A.! There is a large NRA sign on the front door of the High School building. Does the Canyon high school really have a right to have that sign on the door? When a student starts to buy a package of ten cent notebook paper or a small nicker notebook, does he or she stop to consider whether the merchant of this store is really an NRA merchant, or does he merely have a sign up because it is the proper thing to do? Then there are those NRA caps. They are a very attractive red and blue. Do the people wear these caps really believe in NRA? NRA signs are on notebooks, in megaphones, and in the hands of practically every student in school.

How many of these students have stopped to think what NRA means? How many are really co-operating?

Ellen and Bonnie B. Dickson, who have attended school here the past year, are now going to school in Amarillo.

Do Your Shopping in Canyon.

Pep Squad Shows Spirit at Eagle-Yannigan Game

Although the Canyon High School Pep Squad did not have a stunt planned to give at the Eagle-Yannigan game Friday afternoon, they were all there boosting their ball players 100 per cent. Songs were sung and yells given until the boys came out on the field, then the whole pep squad gave the cyclone yell. Not once did any member show signs of disinterest or non-enthusiasm, but they kept up that good old Eagle spirit until the last whistle was sounded.

Muriel Pirkle visited in Panhandle last week end.

CONOCO

GAS AND OILS

R. E. BALL SERVICE STATION

Wholesale and Retail

"Thank Goodness, Jim,

COLD WEATHER NEVER DELAYS US!"

Ann: "Betty would be late on our first air trip, but as usual when it gets cold, it's to be expected." Jim: "You mean that temperature actually has an effect on her promptness?" Ann: "Yes, she is very prompt ordinarily—it's a case of car trouble in cold weather. Bill doesn't see that the difficulty is in his choice of gas and oil." Jim: "Well, Ann, you couldn't expect everybody to buy Conoco, could you?" Ann: "If everyone knew how Conoco oil and gasoline protect both you and your motor against the difficulties of cold weather driving they would!" Jim: "Guess I'd better get Bill on the phone and see what the delay is!" Ann: "Please do!"

Betty: "We had the most awful time, Ann! We were ready to leave in plenty of time, but when Bill tried to get the motor started, it wouldn't budge. After running down the battery he rolled the car out of the garage and got some one to push it till it started—and just in time. The car just doesn't seem to work right." Ann: "It isn't the car, Betty, it's the oil and gas Bill buys. Why don't you tell him to get Conoco Germ Processed Motor Oil and Conoco Bronze Gasoline—they are more economical and have cold weather performance that gives us instant starting and 'Hidden Quart' protection." Betty: "I'm sold!—and Bill will be too just as soon as I get to him!"

CONOCO
at the sign of the Red Triangle

Full motor protection, especially in cold motor starting, can be found only in Conoco Germ Processed (Paraffin Base) Motor Oil because the penetrative oiliness, called "The Hidden Quart," stays up in your motor and never drains away.

Instant Starting and Lightning Pick-up can best be obtained with Conoco Bronze Gasoline, and without sacrifice of Long Mileage, Greater Power and Anti-Knock advantages. For cold weather starting it cannot be excelled.

When planning a trip for business or vacation, write the Conoco Travel Bureau, Denver, Colo., America's largest Free Travel Bureau.

Fire Prevention Week

October 9th to 15th

During National Fire Prevention Week, we remind the people of the Texas Panhandle that the widespread use of electricity during the last quarter of a century has greatly reduced the number of fire causes and has likewise minimized conflagration hazards. It is true, of course, that fires sometimes originate from improper methods of conducting and using electricity, but the number of fires prevented because primitive methods have been replaced by electricity far outnumber the rare instances where fires are started by electrical short circuits and the like.

The point we make is simply this: Electricity is an important contribution to fire prevention, and it will continue thus, aided by your constant effort in the interest of safety.

Make sure that fuses of proper amperage are used, and for any electrical repair job—however simple—summon an experienced and competent electrician.

Texas Utilities Co.

Hotel Taken in Bloody Siege

After a battle in which from 50 to 100 men were slain and more than 200 wounded, Cuban troops finally succeeded in capturing Havana's National Hotel, shown below, in which 525 army officers of the former De Cespedes regime had been besieged. The scene above shows Cuban soldiers guarding the bodies of dead officers lying in the street in front of the hotel.

Where Hurricane Wrought Great Damage

Here is a panoramic view of Tampico, principal northern port of Mexico, through which a tropical hurricane raged at a speed estimated at 125 miles per hour, causing great loss of life and enormous property damage. A tidal wave ushered in by the hurricane flooded territory in and around Tampico, in some places to a depth of 10 feet.

News in Canyon
25 Years Ago

(Taken from the files of the Randall County News of October 9, 1908)

W. F. Heller has a splendid crop of apples on his 8-acre orchard. S. A. Shotwell raised a sweet potato 25 1/2 inches around, and weighing 8 pounds, 2 ounces. Mrs. L. A. Pierce has been marketing vegetables from her garden at the far northeast of Canyon. \$20.70 was received for one day's marketing of black eyed peas. The ladies of Canyon will meet to organize a Civic Improvement League.

\$391,373.42 was on deposit in the two banks of Canyon, according to financial statements. The banks were: First National Bank, D. A. Park, cashier; and Canyon National Bank, L. Hunt, cashier.

Judge J. N. Haney was nominated for congress on the Republican ticket. He accepted the nomination and advocated the establishment of the Palo Duro National Park.

Rev. J. M. Harder was pastor of the Baptist Church; Rev. M. E. Hawkins was pastor of the Methodist Church; Rev. J. B. White was pastor of the Christian Church; Rev. J. S. Groves was pastor of the Presbyterian Church.

Mrs. C. R. Burrow went to Beaumont as a delegate to the E. O. S.

L. T. Lester and Travis Shaw went to Lubbock, where Mr. Shaw was to remain for several weeks looking after banking interests.

A marriage license was issued to H. E. Wesley and Miss Annie Evans.

Judge Cyrus Fakman returned from Albuquerque where he was a delegate to the irrigation congress.

L. E. Cowling was harvesting a section of kaifir corn. He broke the land in May, using 22 plows and teams, and immediately planted the crop. He thought the yield would run one ton per acre, or about \$20 per acre.

J. F. Hood's team ran away scattering a wagon load of dry hides through the streets.

T. C. Thompson displayed some fine Elberta peaches raised at his place in the west part of Canyon.

FIRST CHURCH OF CHRIST
SCIENTIST

Services every Sunday at 11 and Wednesday at 8 p. m. when experiences, testimonies and remarks on Christian Science are given. Sunday school meets at 9:45. All under twenty years of age are invited to attend these classes. Subject for Sunday, "Cocaine of Atoneament."

A reading room is maintained in the church from 3 to 5 on Thursdays, excepting holidays, where the Bible and authorized Christian Science literature may be read, purchased or borrowed. The public is cordially invited to attend these services and to visit the reading room.

When some people tell the truth it is only for the purpose of creating trouble.

Joe, Jr. Writes
Of Expedition

Young Adventurer Expects to Be Transferred To Aviation Corps

Word received this week by President and Mrs. J. A. Hill concerning Joe Jr., who is a member of Admiral Byrd's second expedition to the South Pole, reported that the Bear had been towed into a Carolina port for repairs and was being held there for several days. The ship suffered from engine trouble last week while on the high seas bound for Panama.

Joe, Jr. writes that he will be transferred to the "aviation gang" upon their arrival at Panama, which will enable him to go as far south as any portion of the exploring party.

Word from Admiral Byrd last week contained many complimentary things about young Hill, as did word from Dr. Guy O. Shirey, personal manager for the expedition, who said that Joe had "made a place for himself" among the men. Both stated that every means would be taken on the two year trip to protect the health and happiness of the twenty-year-old adventurer.

Joe, Jr. was accorded a high honor when he was chosen from hundreds of applicants to make the trip with the famous Admiral. The Bear left Boston on September 25, carrying the majority of the expedition, while Admiral Byrd, aboard the Pacific Fir, will leave later and will overtake the Bear when appointments are made.

Among things that will rise again when crushed to earth are truth and a swatted fly.

AMENDMENT TO ORDINANCE
NO. 57

"AN ORDINANCE PROVIDING FOR THE APPOINTMENT OF A GAS INSPECTOR FOR THE CITY OF CANYON, TEXAS, REQUIRING THE ISSUANCE OF A LICENSE THEREFOR, FIXING THE QUALIFICATIONS, DUTIES AND FEES OF SAID INSPECTOR, PROVIDING FOR EXAMINATION AND LICENSE FEE FOR ALL GAS FITTERS, PRESCRIBING THEIR QUALIFICATION AND DUTIES, AND PROVIDING FOR THE KIND, CHARACTER AND SIZE OF MATERIAL TO BE USED IN THE METHOD TO BE INSTALLED, FIXING A PENALTY FOR THE VIOLATION THEREOF, REPEALING ALL ORDINANCES AND PARTS OF ORDINANCES IN CONFLICT THEREWITH AND DECLARING AN EMERGENCY." THAT SECTION TWO (2) BE AMENDED TO READ AS FOLLOWS:

SECTION 2. LICENSE NECESSARY. Upon the making and approval of the bond a license shall be issued by the City Clerk good for a period of one year and may be renewed from year to year upon compliance with all the terms and conditions of this Ordinance, upon payment of Fifteen (\$15.00) Dollars for the first year, and the sum of Seven and a Half (\$7.50) Dollars for renewal, provided the renewal amount is paid before the preceding year expires. Provided, further, that at any time the Gas Inspector, with the consent of the Board of Commissioners, may annul said license, and the holder of said license shall be prohibited by this ordinance from the further practice of gas fitting within the corporate limits of the City of Canyon, Texas.

SECTION 25. The lack of any license gas fitter at this time in the City of Canyon, creates a menace to public health and makes it imperative that this amended ordinance become effective from its date. This Amendment was introduced at a regular meeting of the City Commission, of the City of Canyon, Texas, on October 3rd, 1933, and passed at said regular meeting on October 3rd, 1933, and to take effect from and after its publication according to law. (Seal) C. R. BURROW, Mayor, City of Canyon, Texas. ATTEST: HARVEY CASH, City Secretary.

AMENDMENT OF ORDINANCE
NO. 15

AN ORDINANCE TO AMEND SECTION NO. 35 OF CITY ORDINANCE NUMBER 15 WHICH WAS PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF CANYON, TEXAS, ON THE 30TH DAY OF MARCH, A. D. 1910, AND ENTITLED "CITY ORDINANCE NUMBER 15, REGULATING SEWER AND PLUMBING AND MAINTENANCE THEREOF AND SEWER DRAINAGE AND THE KIND AND CHARACTER OF WATER CLOSETS AND PRIVIES AND THEIR CONNECTIONS WITH SEWER SYSTEMS, AND THE KIND AND CHARACTER OF CLOSETS WHERE THEY ARE NOT REQUIRED TO BE CONNECTED WITH SEWER SYSTEM AND PROVIDING FOR AN INSPECTOR OF PLUMBING AND PRESCRIBING PENALTIES FOR THE VIOLATION THEREOF, AND DECLARING AN EMERGENCY."

THAT SECTION THIRTY-FIVE (35) BE AMENDED TO READ AS FOLLOWS:

Any person desiring to do business as a plumber in connection with the sewer system, its mains, laterals, pipes, fixtures, etc., shall file in the office of City Secretary an application giving the name of the individual or firm and the place of business and asked to be licensed as a plumber, said license shall not be granted by the City Secretary unless said applicant submits evidence of his qualifications as a plumber satisfactory to said Inspector of Plumbing.

Each applicant for license shall execute and deposit in the office of the City Secretary a Surety Bond for the sum of One Thousand (\$1,000.00) Dollars payable to the City of Canyon, Texas, conditioned that such plumber shall save the City harmless of any and all damages of whatever kind resulting from negligent or unskillful work on the part of said plumber, or any one working under him, that all paving, curves and sidewalks removed, damaged or injured in excavating, shall be replaced and maintained by him for six months, that he will abide by all the rules and regulations made by the City of Canyon, in regard to plumbing work.

Said Bond shall be renewed each year; failure to renew same shall operate as a forfeiture of said license.

No license shall be granted for more than one year.

A discontinuance of business shall act as a revocation of said license. Before any license is issued the applicant shall pay to the City of Canyon, Texas, the sum of Twenty-Five (\$25.00) Dollars for the first year, and the sum of Fifteen (\$15.00) Dollars for renewal for the second year, provided the renewal amount is paid before the first year expires. Said license shall state the following: The consideration received, name of person or firm to whom license is issued and the location of the business; it shall state the date of issuance and the expiration thereof, and be signed by the City Secretary, with the corporate Seal of the City of Canyon.

SECTION 35A. The lack of any license plumber at this time in the City of Canyon, creates a menace to public health and makes it imperative that this amended ordinance become effective from its date.

This Amendment was introduced at a regular meeting of the City Commission, of the City of Canyon, Texas, on October 3rd, 1933, and passed at said regular meeting on October 3rd, 1933, and to take effect from and after its publication according to law.

(Seal) C. R. BURROW, Mayor, City of Canyon, Texas. ATTEST: HARVEY CASH, City Secretary.

"Hungry as
a Bear"

"Hungry as a bear," is the expression heard so often; but, in reality, we are hungrier than bears, for now is the time that bears are knocking off on their eats for the cold months of the year.

But if that is the expression being heard around your household these cool autumn days, you had better check over your pantry and come to us for substantial groceries at substantial savings.

CITY FEDERATION PLANS CEMETERY WORK

The city Federation met yesterday with Mrs. T. H. Knighton presiding. Plans for work on the cemetery were discussed. H. S. Strain and J. J. Walker represented the local Relief Committee in discussing the labor available for this work. A committee was appointed to confer with the Commissioners Court regarding the cemetery program, composed of Mrs. C. R. Flesher, Mrs. E. D. Harrell, Mrs. J. M. Daugherty, Mrs. F. M. Wilson and Mrs. Clyde McElroy.

The Child Study Club was admitted to membership in the Federation, making eight clubs in the city which are represented in the federation.

Mrs. C. M. Dowlen resigned as chairman of the Community Chest, and Mrs. H. O. Price was elected to this place.

S. S. CLASS HAS FOOTBALL PARTY

The members of the 15-16 year girls' Sunday School class of the Baptist church entertained Saturday night at the home of Lucy Mae Furlow. The theme "Football" was carried out in the party. After playing games, the crowd went to Jarrett's drug store and were served with custard cups.

Those present were: Miss Thelma Thorpe, sponsor; Laura Fern Brian, Dorothy Dickinson, Edith Steen, Lucy Mae Furlow, Trannie Mae Russell, Verline Furlow, Louise Ashby, Lavena Watkins, Helen Elizabeth Bowman, Ruth McCrery, Winnie Dee Hicks, Mary Ella Davis, Ruth Baker, Thelma Bryant, Edgar Hutton, Francis Leach, Kenneth Black, Estill Furlow, Chris Wooten, Bill Cone, J. H. Wright, Jr., J. C. Baker, Jr., and Hampton Lisle.

"42" CLUB MET WITH MRS. USERY

The Merry Maids and Matrons Club met Thursday afternoon with Mrs. Dan K. Usery, 1906 Sixth Avenue. Autumn flowers were used in decorating the entertaining rooms.

Following the games of "42," a business session of the club was called.

The hostess served a delicious dessert course at refreshment time to the following members of the club: Mrs. L. Angel, Mrs. H. A. Brown, Mrs. H. M. Cook, Mrs. S. H. Condon, Mrs. J. L. Dufflot, Mrs. C. R. Flesher, Mrs. J. A. Hill, Mrs. J. S. Humphreys, Mrs. T. B. McCarter, Mrs. C. A. Murray, Mrs. F. E. Savage, Mrs. L. P. Sheffy, Mrs. A. W. Sternberg, Mrs. R. A. Terrell, Mrs. Clyde Warwick, Mrs. R. P. Jarrett, Mrs. John Fry, Mrs. Clyde McElroy, Mrs. Wm. Ash, and Mrs. C. M. Dowlen.

See Holman Bakery for fancy pastries for parties. 606 Taylor Street, Amarillo.

JOHNSON H. D. CLUB MEETS

The Johnson Home Demonstration Club met Thursday at the home of Mrs. J. H. Eberling. An all day session was held, with the members assisting in papering the kitchen. Six members and one visitor were present.

The next meeting will be on October 19th, with Mrs. E. J. Bauer for an all day meeting. Fruit cakes will be baked at this time. Members will bring a covered dish for the lunch. Miss Bass will meet with the club.

CENTREVIEW CLUB MET FRIDAY

The Centreview Home Demonstration Club met at the home of Mrs. Elmer Miller Friday for an all day meeting. Six members and two visitors were present.

Miss Bass gave a demonstration on cake making. The cakes were sold and the money turned into the club treasury.

Mrs. Jack Barnard was appointed to take the place of Mrs. Billie Washburn as reporter.

The next meeting will be held at the home of Mrs. E. W. Schaeffer. Plans will be made for achievement day, and all members are urged to be present. Visitors are welcome.

ALVORD-ESTES WEDDING IS ANNOUNCED

Announcement has been made of the marriage of Miss Laurene Alvord of this city to Bob Estes of Borger. The wedding took place in Amarillo on September 28th and the couple is now living in Borger where Mr. Estes is employed by Anderson Drug Co., of that city.

Mrs. Estes is the daughter of Mr. and Mrs. F. E. Alvord of Canyon. She received her education in the Canyon public schools, later attending West Texas State Teachers College where she received her degree in August, 1933. She was active in the Pi Omega society and other organizations of the college.

Mr. Estes attended West Texas State Teachers College and is well known to the student body.

Let us bake your colored sandwich breads for your Halloween party. Mail orders given special attention. 606 Taylor Street, Holman Bakery, Amarillo.

Mr. and Mrs. J. M. Craig have returned from a visit at Kingston.

WEST SIDE CLUB MET WEDNESDAY

The West Side Home Demonstration club met on Wednesday, Oct. 4, at the home of Mrs. J. L. Buchanan. The meeting was called to order by the president, Mrs. A. N. Burgan, and fourteen members responded to the roll call by the secretary, Miss Coily Burrus.

Plans were made for an all day meeting at the home of Mrs. Geo. Frank, when Miss Bass would meet with the club and demonstrate the making of fruit cakes and plum puddings.

At the close of a delightful social hour strawberry ice cream and delicious cake was served to the members and one visitor.

WORTHWHILE CLUB MEETS THURSDAY

Mrs. Otto Samuelson entertained the members of the Worthwhile Club at her home at 1922 Eighth Avenue, Thursday afternoon. After the usual social hour of handwork, members answered roll call by giving their most tedious daily task.

Refreshments were served to Mrs. Blanton, special guest, and to the following members: Mrs. W. T. Davis, Mrs. F. A. Thomas, Mrs. W. L. Johnson, Mrs. H. J. Soewen, Mrs. W. H. McKee, and Mrs. W. G. Herring.

Mr. and Mrs. J. W. Kleinschmidt and daughter, Jean Marie, returned home last Wednesday from Rochester where they have been for four months. Mr. Kleinschmidt and Jean Marie underwent operations while at the hospital.

Miss Frankie Andrews of Amarillo visited in Canyon over the week-end as the guest of Miss Bobbie Joe Cheyne.

MRS. I. B. CARRUTH HAS FRIDAY CLUB

Members of the Friday Afternoon Club were the guests at an enjoyable affair Friday when Mrs. I. B. Carruth entertained at bridge at her home at 1107 Fifth Avenue. Autumn flowers made an attractive background for the games which were played at four tables. Harmonizing autumn tallies were used in the play.

Refreshments of Osgood pie with whipped cream, tuna sandwiches, olives and coffee were served to the following: Mrs. Travis Shaw, Mrs. C. L. Thompson, Mrs. M. S. Bishir, Mrs. Ray Campbell, Mrs. Guy Harp, Mrs. W. C. Black, Mrs. Tom Knighton, Mrs. J. W. Kleinschmidt, Mrs. Bill Smith, Mrs. John Jackson, Mrs. Lee Foster, Mrs. J. S. Humphreys, Mrs. Millard Word, Mrs. S. L. Ingham, Mrs. Joe Gamble and Mrs. J. J. Walker.

MISS MATTIE SWAYNE TALKS TO WOMAN'S BOOK CLUB

"Galsworthy's Interpretations of English Character Types in the Forsytes and 'The Maid in Waiting'" was the topic of the lecture given by Miss Mattie Swayne of the English Department of W. T. to the Woman's Book Club when they met for their first program meeting of the fall yesterday afternoon.

In addition to the program, a discussion of the matter of getting a public library for Randall County was led by the president. This club is working in connection with the Junior Woman's Club in the movement.

On September 27 the Woman's Book Club met for the purpose of organization. At the close of a short business session, refreshments of punch and cookies were served by the Program Committee.

CHILD STUDY CLUB HAS FIRST MEETING OF YEAR

Meeting for its first time this fall, the Child Study Club reorganized Monday, October 2, at the Federated Club Rooms.

Discussion was made of various club projects, the first one to be undertaken being the furnishing of a complete layette for the first call made to the Red Cross.

At the next meeting which will be the first Monday in November, officers will be elected.

PUBLIC SCHOOL FACULTY GUESTS AT CARRUTH HOME

On last Saturday evening Mrs. and Mrs. Irby B. Carruth opened their home to members of the grade and high school faculty of the Canyon Public Schools for a social evening at games. Bridge and "forty-two" were played at seven tables, with the Halloween motif being developed in the decorations and in the game tallies.

Refreshments of nut pies, ghazkins, sandwiches and coffee were served at tables covered with Halloween luncheons. Those present were: Mr. and Mrs. C. E. Strain, Mr. and Mrs. Milton Sanders, Mr. and Mrs. Aubrey Fox, Mr. and Mrs. Ollie Barker, Mr. and Mrs. Lee Foster, Mr. and Mrs. J. D. Barker, Mrs. Collins, Mrs. Stella Murrell, Mrs. Cousins, Mrs. John Davis, Mr. Cleveland Jones, Miss Geneva Lowe, Miss Ethleen Murrell, Miss Jewell Foster, Miss Mattie Jordan, Miss Grace Clark, Miss Erin Gamble, Miss Annis Smith, Miss Irene Angel, Miss Gladys McClanahan, Miss Gwendolyn Black, and Miss Fannie Sue Brasuel.

JOWELL H. D. CLUB MET WEDNESDAY

Mrs. Earl Burtz entertained the Jowell Home Demonstration Club Wednesday afternoon. Plans for Achievement Day Program were discussed at the business hour.

Miss Sadie Kate Bass gave a helpful lecture on floor finishes, following which a round-table discussion on the subject was held.

At the next meeting of the club on October 18 with Mrs. Earl J. Davis, Miss Bass will give a demonstration on the making of fruit cakes and English plum puddings. The attendance of each member is requested for this meeting, as important business will be attended to at that time.

BLUEBONNET NEEDLE CLUB HAS MEETING

Mrs. W. H. Upchurch was hostess to the BlueBonnet Needle Club at her home at 1111 Seventh Avenue Thursday afternoon. An informal good time was had while needlework was being done.

At the refreshment hour numbers were drawn and those with colored numbers were asked to serve their partners. A tasty salad course was served to: Mrs. George

Small, Mrs. Winfield Miller, Mrs. Levi Cole, Mrs. Bill Smith, Mrs. B. Brewer, Mrs. Tolley, Mrs. T. W. Ziegler, Mrs. Glen Costley, and Mrs. Aubrey Fox.

LAS SENORAS NUEVAS WITH MRS. HARTMAN

Mrs. Hubert Hartman was hostess to the members of Las Senoras Nuevas Club Wednesday afternoon at her home at 1512 Sixth Avenue. Contract bridge was played at three tables. At the refreshment hour a dessert plate with coffee was served.

Those present were: Mrs. M. L. Sadoris, Mrs. Ray McReynolds, Mrs. Hud Prichard, Mrs. Claude Moore, Mrs. A. K. Goodman, Mrs. Owen Williams, Mrs. J. Madison Daugherty, Mrs. Aubrey Fox, Mrs. Winfield Miller, Mrs. Millard Word, Mrs. Mitchell Jones, and Mrs. Derreck of Denver.

MR. AND MRS. WEIGERT HONORED AT TEA

Honoring their house guests, Mr. and Mrs. Milton Weigert of Painview, Nebraska, Mr. and Mrs. L. F. Sheffy were at home to a number of their friends Sunday afternoon at an informal tea. Autumn flowers were used as a decorative note in the receiving rooms. Students of the Home Economics Department of the College and Miss Elizabeth Cox assisted in the serving.

About seventy-five guests called during the afternoon.

Mrs. Weigert was formerly Miss Cleo Holmes of the Home Economics Department of W. T. S. T. C.

REBEKAHS MEET TUESDAY EVENING

At their regular weekly meeting Tuesday the Rebekahs completed plans for a social to be held Thursday evening in commemoration of the 82nd birthday of Rebekah Odd-fellowship. All Oddfellows are invited to be present.

The following attended the meeting Tuesday: Mrs. Mildred Sullivan, Mrs. Marie Hair, Mrs. Winnie Gibbs, Mrs. Nannie Myers, Mrs. Winnie Louder, Mrs. Lucy Brown, Mrs. Dollie Taylor, Mrs. Pinkie McBride, Mrs. Minnie Laughery, Mrs. Margaret Cole, Miss Columbia Redfearn, and Miss Mae Warren.

Mr. and Mrs. N. E. McIntire visited in Clovis Sunday.

JUNIOR WOMAN'S CLUB MET MONDAY

"Chinaware" was the topic of study at the meeting of the Junior Woman's Club Monday afternoon, when it met in regular session at the Federated Club rooms. Mrs. M. L. Sadoris, the leader of the discussion, was assisted by the following members:

Mrs. Hubert Hartman—"Use of China on the Table."

Mrs. Levi Cole—"English China":

(a) Lustre and (b) Wedgwood.

Mrs. Aubrey Fox—"English China":

(c) Lowestoft and (d) Willoware.

Mrs. J. B. Fowler—"German and Japanese China."

Mrs. Lorenzo Wirt—"French, Bavarian, Czechoslovakian China."

Mrs. J. A. Edwards, Jr.—"American China."

Mrs. Winfield Miller—"Use of Glass on the Table, Fostoria, Heilsys, Sloan Rock, and Crystal."

In addition to the regular membership, Mrs. R. N. Barnett, Mrs. C. W. Batchelder, and Mrs. Ray Lackey were present.

EPISCOPAL CHURCH

Regular services may be expected at the Episcopal Church next Sunday night, Oct. 15, at 8:00 o'clock. Rev. Warwick Aiken of Painview, will officiate and will preach one of his helpful sermons.

Everyone is cordially invited to worship with us, and to meet the rector afterwards for a brief season of Christian social contact at the Little House of Fellowship, in the rear of the church.

Miss Sadie Kate Bass accompanied by Mrs. Gladys Weavers of Canadian, and Miss Mary Sittou of Amarillo, went to Carlsbad over the week end.

Outlook Bright For Orchestra

Wallace R. Clark Urges
More Men to Sign
For Chorus

The present outlook, concerning the future of the Orchestra of W. T. for the ensuing year, is very bright, says Prof. Wallace R. Clark, director. Plans are being formulated for the year's work and an ambitious program is being arranged. Among the stringed instruments of this year's orchestra are a number of violins. The organization has already begun practicing on this year's work.

Prof. Clark is considerably agitated concerning the extremely small number of students who have signed for membership in the Men's Chorus Club. He says that he particularly needs more men who possess low bass voices. The club meets only one day in the week, on Thursdays from 12:40 until 1:30 o'clock. Mr. Clark urges that all men students who are interested in this organization sign up and help to get a good Men's Chorus started. He particularly invites men with low bass voices.

The organizing of the Madrigal Club has been somewhat delayed by the fact that there has been a difficulty in securing a convenient hour and a suitable place for meetings; however, Prof. Clark definitely announces that it will begin some time during this week. He also suggests that it would be well for any person interested in joining this club, to turn their name in to him, as, in all probability, it will be well filled and there may be some difficulty in obtaining membership.

Sunny Hill News

Mrs. Ellis Knox has installed her beauty parlor equipment in the building where Dr. Guthrie's office was located and hopes to have the patronage of her friends who want good work. Mrs. Knox has the latest permanent machines and has new heaters for the machine. We see no reason why Happy people need go other places to have their beauty work done.

Mr. and Mrs. Joe Russell, Mr. and Mrs. Bob Ratjen and family of Plainview, Mr. and Mrs. Henry Ratjen and family and Mr. and Mrs. Otto Lehnick and family were guests in the home of Mr. and Mrs. Amos Ratjen Saturday night. A party was enjoyed at the home of Mrs. Ellis Knox Saturday night.

Dinner guests in the Henry Ratjen home Sunday were: Mr. and

Guard Kellys on Way to Kidnaping Trial

Shackled, under a heavy guard and with a machine gun trained on him, George (Machine Gun) Kelly, above right, found it hard to maintain the bold, defiant attitude that had been his since federal operatives closed in on him in Memphis. With his wife, Katherine, center, he is shown in Oklahoma City, where he was taken for trial in connection with the kidnaping of Charles F. Urschel, millionaire oil man.

Mrs. Bob Ratjen and family of Plainview, Mr. and Mrs. Ed Singleton and family of Amarillo, Mr. and Mrs. Amos Ratjen and family, Mrs. Wm. Lehnick, Raymond Peters and Mr. and Mrs. Otto Lehnick and family.

Mr. and Mrs. R. B. Gies and sons visited relatives at Tulsa Sunday.

Charles Kuehn, who has been here for several months putting in a wheat crop, left Saturday night for his home in Indiana.

Mr. and Mrs. Joe Russell visited Mr. and Mrs. R. B. Elliott Sunday afternoon.

Mr. and Mrs. T. R. Greenfield and family of Post visited in the home of Mr. Greenfield's brother, J. E. Greenfield, Saturday night and Sunday. Mrs. Ted Schuler and children of Petersburg were also here over the week end. Mr. Greenfield was reported to be resting very well Thursday morning, although he is still quite sick.

Supt. Jess Thompson of Quail was in Canyon Tuesday seeking a teacher for his school.

Mr. and Mrs. W. A. Jennings had as guests in their home over Sunday their children and families: Mr. and Mrs. Cecil Hagood and son of Lorenzo, Mr. and Mrs. Vester Hill and daughter of Muleshoe, Mr. and Mrs. W. A. Jennings of Childress and Joe Jennings from Lorenzo.

Mr. and Mrs. Bill Morris and baby of Glendale, California visited Mr. and Mrs. J. M. Daugherty here Monday and Tuesday. Mr. Morris is a former employee of Mr. Daugherty.

Mr. and Mrs. Howard Wilson of Madison, Wisconsin were guests of Mr. and Mrs. Forrest Perrell Saturday and Sunday.

Tom English of Borger went to Floydada over the week end on business. He was accompanied by Mrs. Henry Cone and family of Canyon.

Mrs. M. W. Gordy and Ray Cheyne made a business trip to Borger Thursday.

Mr. and Mrs. Herb R. Miller and daughter of Lubbock spent the week end at the home of his sister, Mrs. Ethel Black.

Mr. and Mrs. C. Shuman spent the week end at the home of their son, Vincent Shuman, at Lone Wolf, Okla.

Miss Audie Johnson has been elected to a position in Hall county and will begin her work there on October 16th.

Mrs. C. R. Burrow and daughter, Mrs. R. A. Neblett were called to Dallas Thursday by the death of a niece of Mrs. Burrow.

Henry Bradford returned Sunday from Mineral Wells where he has been taking treatments.

Ed Gidden was called to Tulsa Monday on account of the death of his brother-in-law.

Dr. R. P. Jarrett was a business visitor to Texarkana during the week end.

Jowell Items

Thirty-six met Sunday and a Sunday school was organized. We extend a cordial invitation to all to meet with us each Sunday at ten o'clock to carry on this work. Mr. and Mrs. C. P. Robertson, Mrs. W. R. Landrum and Jimmie Lee Landrum spent Sunday afternoon with David Hill.

Mr. and Mrs. Szydoski visited Mr. and Mrs. Moer Sunday.

Mr. and Mrs. G. A. Dietz and family attended church at Nazareth Sunday morning.

Mr. and Mrs. A. L. Genn and daughter Ruth, spent Sunday with Mr. Glenn's father.

Mr. and Mrs. Rickwartz entertained the young folks with a party Saturday evening.

Mr. and Mrs. G. A. Dietz spent Sunday evening with Mr. and Mrs. Moer.

Mr. and Mrs. L. A. Glenn were business callers in Hereford Friday.

Mrs. Elsie Money has been visiting her son, Ed Money, the past week.

Bobby Money enrolled in school Monday. We are glad to have him with us again this year.

Abbie Leavitt visited the Robertson girls Sunday.

Mr. and Mrs. V. E. Dodson had as their guests Sunday, Mr. and Mrs. H. F. Garvin and Mr. and Mrs. Louis Henders and family.

Clyde Robertson and Renois Case spent Sunday with the Leavitt boys.

Mrs. Earl Burtz surprised her husband with a birthday party Saturday evening. After a number of games were played, delicious refreshments were served to the guests. Those present were Messdames Arthur Barnard, C. W. Fewell, C. B. Fewell, Earl Davis, Mary Burtz, Misses Donnie and Dorris Nelson, Ruth Burtz and Messrs. C. W. and C. B. Fewell, Arthur Barnard, Clarence and LeRoy Leavitt, Renois Case, Clyde Robertson, J. J. Leavitt, Lloyd and Lewis Nelson, Earl Davis and Mr. and Mrs. Earl Burtz.

Mr. and Mrs. Cox and family returned from Whitesboro Thursday. They received word after reaching home that Mrs. Cox's sister had died.

LeRoy Leavitt spent Sunday with C. B. Fewell.

Mr. and Mrs. Paul Lentner and sons, Billy and Bobby of Roswell, spent the week-end in the parental M. E. Rhoads home.

Mrs. D. M. Stewart and Miss Lenna Foster will return Sunday from Chicago where they are attending the Fair.

Miss Elva Fronabarger who is teaching at Borger spent the week end with her family here.

Many a true word is spoken by mistake.

Honest, Returns \$2,000,000

Oscar Stroebel, an artist who paints deserts and oceans in his obscure studio in Hollywood, Calif., returned to an Indiana man a bag containing \$2,000,000 in securities delivered to Stroebel's New York hotel room by mistake. And Stroebel, son of a Cincinnati banker, said he didn't want the \$1000 reward he was offered.

Fairview Breezes

Sunday school at the usual hour with a small crowd in attendance. The shower that fell Tuesday evening was greatly appreciated as it was needed very badly.

The bridal shower given by Miss Inez Wesley honoring Mrs. Jack Barnard was attended by a large crowd. Eva received forty useful household articles. The mock wedding was staged by Mrs. Bill James who acted as groom, Mrs. Carothers as bride, Mrs. Austin Glenn as minister. Cakes and cake were served to 32 guests.

Mrs. Maud Wesley and Mrs. J. W. Wesley motored to Canyon Monday to take L. H. Wesley, who is taking treatments.

Lee Wesley is staying at Vigo caring for J. H. Wesley's things while he is sick.

G. E. Wesley and family were dinner guests in the Sutton home Sunday.

J. W. Wesley and wife and little grandson, Arlen Ray, motored to Plainview Saturday night to visit with Othell and Elvin.

The birthday party at Charley Sutton's Saturday night was enjoyed by a small crowd. Mr. Sutton had a birthday but had forgotten how old he is.

What a splendid thing it would be if people who lost their tempers were unable to find them again.

The reason the average men can't tell a woman anything is because she would rather talk than listen.

Boys will be boys, and old women will be young women if daughter doesn't keep her clothes locked up.

There is no speed that quite equals the speed with which the mortgaged future becomes the uncomfortable present.

Swagger Models Good in Fur Coats

Latest Wrinkle Is Muskrat Dyed Gray, But Alaska Seal and, of Course, Ermine Always Are Favorites

BY HARRIET

THERE'S something infinitely casual about the new fur coats. Since a fur coat is one piece of wearing apparel that you usually have to wear more than one season, select it carefully. Choose something that is rather classic in cut and design.

Swagger models are very good. And they aren't apt to go out of style. Seven-eighths and three-quarter ones are newer than full-length coats. Many of them have ascot ties. Others stick to the classical V-neckline with standup collar.

Your choice of fur depends, of course, on your own taste. Alaska seal always is a favorite. It's been in style for years and bids fair to continue its popularity.

Probably the newest wrinkle in the fur coat fashion world is muskrat dyed gray. Worn with a gray tweed dress and a hat with a touch of bright color on it, you'll look a long way to find anything more handsome than silver muskrat dyed gray.

Nutria isn't very expensive and it really wears well.

FOR evening, ermine doesn't step aside for any other kind of fur. If you can afford an ermine evening wrap, rest assured that no one is going to look smarter than yourself.

Kidskin steps right into the limelight this season. It is particularly flattering for the younger girl. Its suave sleekness makes it outstanding for juniors.

Coon is nice for the co-ed. It's practically a campus fashion, however. Unless you live in a very cold climate and have an extremely slender figure, better leave coon to the college girl. It's too warm and heavy a fur for street wear in the average city and, say what you will, it does add inches to a mature figure. On the other hand, beaver is just right for the older woman as well as for her younger sister.

Lapin (really shaved rabbit) makes a nice fur for an inexpensive jacket or swagger coat. And very handsome it is, too.

Squirrel is a good choice if you can have two coats. It isn't quite sturdy enough to stand up under everyday wear. Better save it for

Interesting is the nutria swagger coat in seven-eighths length shown at left. Note the ascot tie looping just under the chin. Gray kidskin, the strips of hide sewn together horizontally, fashions the smart coat shown at right. Featuring this coat are little shoulder capes.

dresser occasions and get a more wearable fur for street and office.

A COAT that will serve you well for town or country is made of gray kidskin. The strips of hide are sewn together horizontally instead of up and down.

Little shoulder capes cover the generous sleeves to the elbows. The plain collar can be worn up or down.

A gray wool dress with a bright red ribbon at the throat goes under the fur coat. Top the outfit with a sleek little beret and you have a perfect winter ensemble.

The nutria swagger coat is an interesting fashion. It's a seven-eighths length affair, with an ascot tie which loops under your chin.

A wool dress of eel gray tweed, a brown felt hat, and brown suede gloves go to complete the outfit.

American Hurricanes Have Common Breeding Ground—The "Doldrums"

Above, a scene of devastation in Tampico, Mexico, after the recent hurricane had gone its way. Inset, a map showing the course of recent West Indian hurricanes.

THOUGH they roamed different territories, and varied in point of violence, the hurricane which took heavy toll of life and property in Mexico, Cuba, Texas, Florida, and along the Atlantic coast had one thing in common. They hailed from the same place—the gale-breeding tropical belt called the "doldrums."

Down near the West Indies there are places where the weather is always fickle. There, wavering breezes, thunderstorms, and hot, moist calms succeed one another in uncertain fashion. These are the "doldrums"—the nemesis of old-time mariners. Here it is that hurricanes are created and start on their disaster-spreading careers.

ACCORDING to meteorologists, hurricanes begin something like this: After a long calm, heating and evaporation cause the air to expand, lifting the air

above, which then flows out on all sides and increases the downward pressure upon the air surrounding the region of the uplift.

The air at the surface then is forced inward toward the center of disturbance, becomes heated, and rises.

This sets up a system of revolving winds. From time to time one of these whirlpools gets into the general drift of the trade winds and is launched on its career as a tropical cyclone.

The word "hurricane," taken from the Carib Indian term, "huracan," is applied to severe cyclones—where the wind speed ranges above 75 miles an hour.

THE damage which a hurricane inflicts is due solely to the rotary motion of its winds—not to its progressive movement—since the storm itself travels at a speed of but from 10 to 15 miles an hour. In fact, sometimes it even may remain stationary.

Thus, in the "hurricane

months" of August, September and October, West Indian natives have ample warning before the storm strikes. The appearance of "Twa-oo" birds; agitation of the tiny red ants; feathery cirrus clouds, and, perhaps, a blood-red sunset—these are Nature's portents.

And Science helps. No West India hurricane gets well on its way before weather forecasting centers in the probable path of the storm have been advised. And these bureaus spread the word far and wide by means of flags, lanterns, telephone, telegraph, motorcycles and automobiles.

Some hurricanes move westward, passing south of Haiti and Cuba; others turn more to the northwest. These latter may express themselves on the Mexican and North American coastlines as mere storms and gales. But occasionally they retain their tremendous force and bring about devastation such as occurred in the Tampico area.

Latest Fashion Trend Follows Suit

AFTERNOON SKIRT-AND-JACKET COSTUME OF CREPE, SATIN OR FAILE, IS BOTH CHIC AND ECONOMICAL

BY HARRIET

IT'S a suit year! There are tailored suits for street wear, of course. But fashion trends this fall go a long way farther than that. And it's a wise lady who suits herself for all occasions.

Afternoon suits are the last word in chic. You're going to love them. Made of crepe, satin or faille with beautiful, straightline skirts and jackets that really are "different," combined with fancy blouses and topped off by dressy hats, they make a woman want to have several.

The nice thing about them is that one is enough. You can vary it to suit the occasion and your own mood.

Get a black silk afternoon suit and several white blouses to go with it and you'll never have to worry about what to wear to afternoon bridge parties, teas, important luncheons and the like.

Dinner suits are not to be treated lightly either. They are newer than dinner dresses and more chic!

The dress, of course, can be a formal evening frock as long as the neckline is high. You top the gown with a jacket, fancy or semi-tailored; and there you are in a handsome dinner suit!

Dinner suits are important in any woman's wardrobe these days. You get so many lovely evening invitations that aren't formal and an evening dress simply won't do. The dinner costume answers the problem. Not only does it go to dinner but to the movies, Sunday night suppers and informal parties as well.

A woman who has three suits need not worry about her wardrobe. A tailored wool suit for the street and office, an afternoon suit for occasions that demand something a little more dressy and a dinner suit for evening wear will see you adequately through the fall and winter.

Say what you will, there is nothing more suave and well-groomed appearing than a suit.

AN afternoon suit that will earn you a high fashion score if not a high playing score at any afternoon bridge party is of eel gray crepe with a white faille vest.

Photos Courtesy Macy's, New York City.

Eel gray crepe fashions the afternoon suit at left. The vest is of white faille. Note the square shoulder effect, and the new pleated sleeve treatment. At right, a charming swagger jacket with ascot tie makes a smart dinner suit of a high-necked evening gown in eel gray satin.

The shoulders are nice and square and the sleeves are pleated—not puffed.

Novelty, metal buttons adorn the blouse as well as the wrap-around skirt. And novelty buttons are fashion highlights this year.

A satin dinner suit, also in eel gray (it's a particularly good fall color), has a high-necked evening gown topped by a charming swag-

ger jacket with ascot tie.

The dress is cut low in the back, is tightly fitted about the hips and waist and, by means of a circular cut, swoops gracefully to the floor.

The Schiaparelli-type sleeves, pleated on to the shoulders, are the new three-quarters length. Finished around the bottom with a fairly tight band, you wear them pushed up above your elbows.

WHEAT PRODUCTION AND ACREAGE STATEMENTS OF MEMBERS OF THE WHEAT PRODUCTION CONTROL ASSOCIATION OF RANDALL COUNTY, STATE OF TEXAS

The following is a statement of the production and planted acreages of wheat in the years 1930, 1931, 1932, and 1933 of producers of Randall County, Texas, who have submitted applications for farm allotment. This publication is made in compliance with the regulations of the Agricultural Adjustment Administration. It is so that a check may be made on all statement claims, and so that reports may be made to the county Wheat Production Control Association on any inaccuracies which may appear in the statements.

The allotment for this county has been definitely calculated from official records of the United States Department of Agriculture, and is 1,036,543 bushels. This is the total allotment for the county. Therefore, if any farmer receives a greater allotment than his past production, he is thus depriving other farmers in this county of their just share.

Total production figures of those who apply for contracts, together with those who do not, must be consistent with the official county production as shown by the records of the United States Department of Agriculture. If the county totals are greater than the official totals, it will be necessary to make a downward adjustment.

Any person may make a confidential report if he finds any statement here which he believes to be inaccurate. Such reports should be made to the community or county Allotment Committee, either in writing or verbally. The reports will be strictly confidential. A farmer whose statements are said to be inaccurate will need to prove his production figures.

Farmers have been asked to furnish evidence of production and evidence of sale, such as thresherman's certificates, elevator certificates, or other records and receipts. Satisfactory evidence will be required of any farmer whose statement is questioned.

The following statements have been condensed to save space. "A" represents acres planted and "Bu." represents bushels harvested. The "3-year average" represents the 3-year average acreage and production for 1930-32. Farmers should refer any questions regarding this publication to their Community Committee or the County Allotment Committee.

(Signed)

R. B. GIST, Chairman, County Allotment Committee.
J. P. HIX, Secretary.
L. T. CAMPBELL.

Bufs Go Down Before Central Friday

Maroon and White Unlucky In Punts In Last Half Game

After withstanding four onslaughts, the W. T. Buffaloes went down before the fifth trial of the Central Oklahoma Teachers Friday night in the last two minutes of the game. The score was 6-0.

The efficient blocking of the heavy Central Broncos made way for many long gains in mid-field, but when the ball was brought within the five yard stripe, the Bufs held like a wall. A bad punt in the last part of the game put the ball in closer range for the Broncos and after being held for three downs, Haight made a long end run behind a massed interference to run over the line. The try for the extra point was blocked.

The Buffaloes' new machine was working fairly well, but had the punting been of the usual caliber, the Central team would not have scored. Williams, famous Bison back, was undoubtedly the best defensive man on the field. His offensive work was marked by the Reed men and he failed to make his usual line gains. Lovelace played a good game.

Early in the game the Bufs got the breaks and, by virtue of a partially blocked kick, which the punter, Kendrick recovered for a twenty yard gain, took the ball in mid-field. After another punt, Wallace, Central back, fumbled and the Bufs took the ball on their 32. The Broncos tightened and took the Bufs back six yards in two plays, an exchange of punts put the Central Teachers out of danger.

A bad punt by Martindale, Buff sub back, and steady ground gaining by Crews and Clemons, Central flashes, put the ball on the nine yard line and first and goal. Two plunges made 5 yards and on the next play Crews fumbled and Boyd recovered, the Herd taking the ball on their four. Holston punted out of danger. The teams exchanged punts as the half ended.

Early in the third period, the Bufs got the ball on a blocked kick by Walker, and an attempt to

pass for a counter failed. Wallace marched through center for 30 yards to put the ball on his 35. Line plunges by the Oklahoma backs and a penalty against the Herd put the ball on the 8 yard mark with 1st and goal. Clemons tried four strait plays and made 7 yards, the Bisons taking the ball on their one. Kendrick's punt out on the 39. A pass from Haight to Clemons put the pigskin on the 18 yard stripe. On the fourth down Dean took the ball on an around end play and placed the ball on the seven. Williams tackling saved the day. Kendrick's kick to the 35 where 'Cow' downed Crews. After a 15 yard pass from Haight to Wallace, the Herd took the ball on downs on the 20, but Wallace returned Kendrick's 35 yard punt 34 yards. The Bufs took the ball on the 18 yard line on downs. Kendrick punted out on the 35. After a failure of another pass attack by the Reed men, the Bufs took the ball on the 16. Kendrick's punt went out on the 21. After failing with three passes incomplete, Clemons finally tossed to Haight to put the ball on the four. Haight hit a brick wall at right tackle and then raced around end behind half his team to score. Dark's kick was blocked. Dean intercepted Morgan's pass as the game ended.

The starting line up:

West Texas	Central Okla.
Kendrick	Dean
Manning	LE Devore
Teague	LT Smith
Poe	LG E. Schellstede
Lovelace	C L. Schellstede
Walker	RG Caldwell
Stowe	RT Fuls
Holston	RE Wallace
Spence	Q Clemon
Williams	LH Hammond
Morgan	RH Crews

Wayside Items

Farmers and stockmen are quite busy, some are working day and night shifts. Ouen and fair, some are waiting for rain to sow wheat. Winter grass has given much trouble coming up with the wheat heretofore.

Grandmother Carter was brought from Northwest Texas hospital by ambulance Saturday afternoon. She stood the trip very well and is cheerful; is confined to her bed.

Mrs. W. E. Tucker and children, Melvin, Helen and Fern, and Keith Duffel from Canyon visited her daughter, Mrs. Roy Franklin, last Sunday. Quite a number of relatives and friends came in during the day. Gloria Jean was the center of attraction.

F. B. Lowery, working in Silver-verton community, once a resident of Wayside community, died in Amarillo Friday. We understand he was skinning diseased cattle, was bitten by a mosquito on the hand. He brushed or rubbed it off with the other hand and became infected at once. He lived but a few days. He leaves two sons and two daughters. He was buried at Wayside Tuesday afternoon.

Robert Adams, Henry Hamblen, and Sara Frances Smith from Canyon high school spent the past week end at their homes.

Mrs. Fannie Franklin and mother, Mrs. Ida Sluder, visited Wayside school Monday. They were well pleased with all they saw of the school.

Mrs. J. E. McGehee was able to take a ride Sunday afternoon.

John T. McGehee and W. R. Franklin made a business trip to Claude Monday.

J. M. McGehee spent Thursday

Too Much of a Good Thing

Enough to make you sick is this 50-pound coconut cake, one of which is turned out every day by a baking expert for exhibit and sampling at Chicago's Century of Progress Exposition. The fair attendant shown above is wondering whether she can stand another piece of the cake.

night with his brother John; made a short visit in Wayside, then back to New Mexico Friday. He is looking well.

John Jackson called in the Sluder home Tuesday. He is quite feeble.

W. I. Lane made a business trip to Amarillo Friday, J. M. McGehee

accompanying him to Amarillo where he took the bus for Tucumcari. Irving Lane has employment in Pampa.

Zita Breezes

The P. T. A. Saturday night was converted into a "42" party with eight tables. After an evening of "42" with Mrs. E. L. Moon winning high, refreshments of sandwiches, cake and cocoa were served.

Miss Birda Hastings visited her mother in Carendon Friday evening.

Mrs. H. H. Groom visited Mrs. C. C. Stewart Thursday.

Mr. and Mrs. H. P. Hales went to the Lubbock Fair Tuesday and Wednesday.

R. P. Hales and Ray Stewart came home Sunday with their cows from Lubbock. They may go on to Dallas Friday.

Mrs. C. C. Stewart and Mrs. H. H. Groom visited Highland last Friday.

Mr. and Mrs. W. P. Mathews and daughter spent Sunday with Mrs. Emma Gruener.

Rusk Quizzes

Mrs. H. W. Dawdy and daughter Maud, spent the week end in Mrs. Dawdy's home here.

Some young people of this community attended a birthday party in the home of Mrs. Ellis Knox Saturday night.

Adlyne Groom spent part of last week in the O. A. Smith home.

Mr. and Mrs. R. N. Henry and

son Orva, spent Sunday with Mr. and Mrs. Cecil Henry of Wayside. Mrs. J. T. Sykes, Mrs. Royal, and Mrs. Clarence Stallings made a business trip to Amarillo Wednesday.

"We owe his life to that faithful friend"

Peaceful stillness of a winter night was broken by the hoarse cough of a child. Mrs. Peery bent over the little white crib for a minute. Then, she hurried to the telephone.

"Doctor... please hurry!" The doctor's face was grave... "Diphtheria. It's going to be a hard fight. We must operate. It's our one chance."

Along the wires another message flashed. A skilled surgeon and a trained nurse came. A child's life was saved.

Mrs. Peery says: "Today, as I look at my sturdy boy, I know we owe his life to that ever faithful friend within our home."

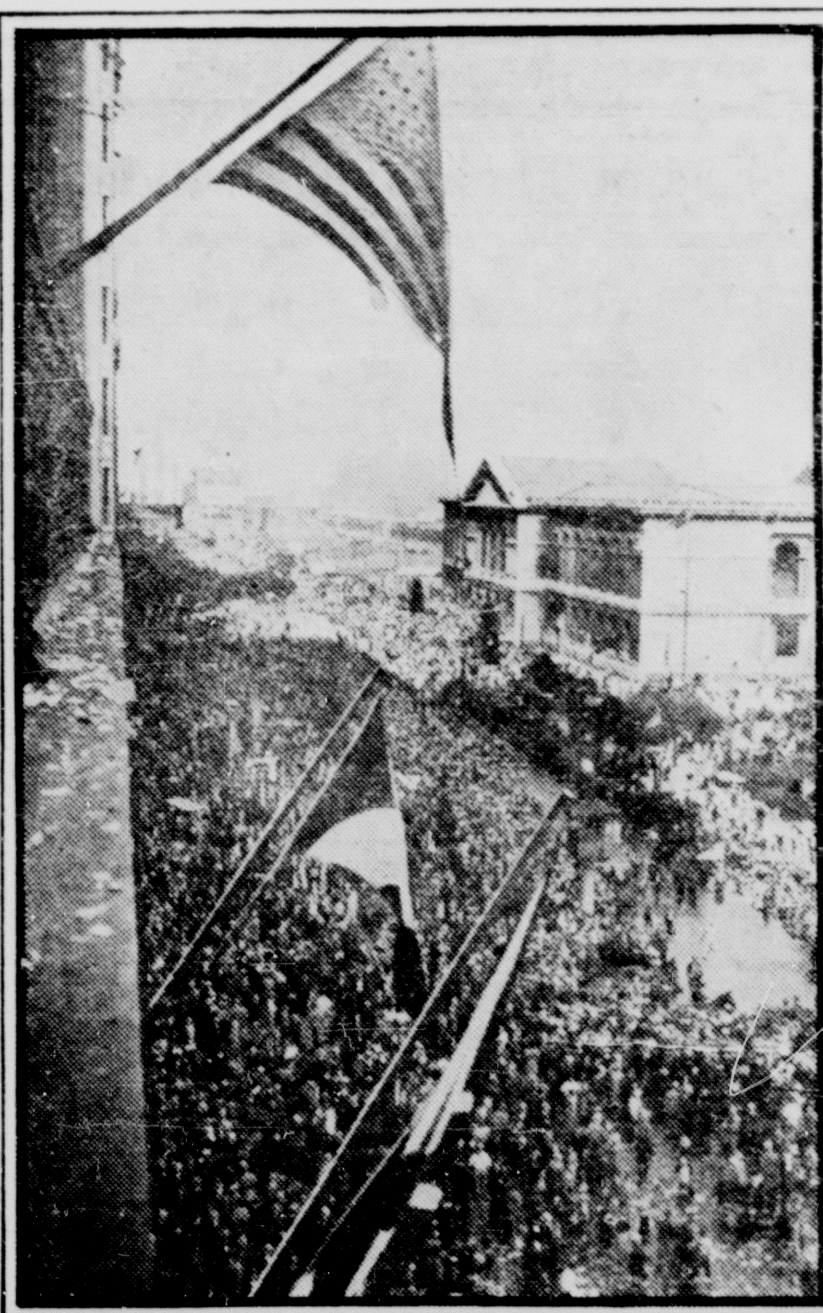

If that family never uses the telephone again, it will have been repaid a hundredfold for all it has paid for telephone service. Yet, daily the telephone brings comfort, pleasure, and often money to most of us.

You can buy few things which cost so little and are worth so much.

*The name is fictitious. The story is true.

SOUTHWESTERN BELL TELEPHONE COMPANY

Throngs View Legion Parade

In one of the greatest parades in the city's history, 150,000 war veterans who attended the American Legion convention in Chicago marched down Michigan avenue on their way to Soldier Field, where they displayed picturesque floats and drills to a vast audience of Chicagoans before disbanding. The scene above shows the legionnaires parading down Michigan avenue, which was packed almost solid with spectators. At least half a million Chicagoans lined the route during the 10-hour march.

Good Books for Children's Libraries

At home or at school these books have their place in giving the small child a true picture of the world he lives in. Come in and examine these books.

BOOKS FOR GRADES 1-3

MOTHER GOOSE	\$1.20	"THE INDIANS IN WINTER CAMP"	\$1.00
A large book modernly illustrated in gay colors. Also a small edition with fewer illustrations for 60c. Bolland Popular edition \$1.50.		by Therese O. Deming. Indian life told for young children. Water color illustrations. Grades 2 and 3.	
"ASK MR. BEAR"	\$1.00	"THE BIRD BOOK"	\$1.20
by Marjorie Flack. In every sense a very first picture book. Gay and realistic colors illustrating a charming story of a little boy looking for a birthday present from his mother. Familiar animals are characters.		by Shankland. 23 full page illustrations of common birds. Text gives habits and descriptions of birds.	
"ABC BOOK"	\$2.00	"THE FARM BOOK"	60c
by C. B. Falls. A most attractive pictured alphabet whose artistic designs, reproduced in four colors, are simple and suggestive. Wood cut illustrations.		photographic illustrations of farm animals and children. Well done.	
"SILVER PENNIES"	\$1.00	"THE FARM IN PICTURES"	\$1.20
by Thompson. A collection of delightful modern poems for small boys and girls. Grade 3.		For an older child. Gives description and photographic illustrations, not only of farm animals, but of farm activities.	
"FAIRIES AND CHIMNEYS"	\$1.25	"A CHILD IS BORN"	\$1.00
by Rose Fyleman. Poetry for the 3rd and 4th grades. An authentic guide to a fairyland the author knows and understands—and interprets with an elfin and delightful humor.		by Edna Dean Baker. The story of the boyhood of Christ is told with dignity and charm. Presented so simply that the youngest child will be able to understand it and so beautifully that readers of all ages will enjoy it.	
"A Child's Garden of Verse"	75c	"DIGGERS AND BUILDERS"	\$1.50
R. L. Stevenson—probably the happiest poems ever written for and about young children. Beautifully illustrated with 50 colored illustrations. Exceptional price of		by Lent. Chapters entitled: "Tony, the Steam Shovel Man;" "Sam, the Cement Mixer;" "Dan, the Derrick Man" and "Joe, the Steel Worker." For children who ask questions. Grades 3 and 4.	
"PETER PAN"	75c	"SOCIAL SCIENCE READERS"	60c
by James Barrie. A similar book in make-up and illustration to "A Child's Garden of Verse." Children love it.		by Read. "An Engine's Story;" "Grandfather's Farm;" and "A Story About Boats." First and second grades. Each	
"LITTLE INDIANS"	80c	"BOBBIE AND DONNIE WERE TWINS"	\$1.00
by La Rue. A good reader for second grade with exercises at the end of each unit.		by Esther Brann, ages 3 and 4.	

and many other titles for children of all ages. When ordering by mail, be sure to allow for postage.

Condron Talks on Changes at Rotary Club Luncheon

Prof. S. H. Condron was the speaker at the Rotary Club Tuesday noon. The program, in charge of the Resolutions Committee, was handled by Tom Knighton. Mr. Condron used as the subject for his discussion, "How big is our world, or what kind of a world will our children live in."

He asserted that training and education should be so planned to develop the children of today for the progress of tomorrow. He pointed out that the youth of today could be trained to live in a world and age duplicating our present age, or that youth could be prepared for a rapidly changing period.

The preceding ten years has been described as a "Fool's Paradise," and the present as a "Fool's Purgatory."

O. B. Sellars, district governor, will visit the Rotary Club next Tuesday.

The following visitors were present: Arch Hunsley, B. L. Hunsley, Paul F. Edquist and Tom Cotton, all of Amarillo.

Batchelder Takes Lead in Play By the Little Theatre

C. Wesley Batchelder, instructor of Public Speaking in W. T., had the leading role in the first production given by the Little Theatre in Amarillo last night. "The House Beautiful" was presented by members of the cast.

Mr. Batchelder has assisted members of the Little Theatre for several years, and has appeared a number of times in leading roles.

600 Men

(Continued from first page)

well pleased with conditions and the possibilities of developing the park.

With the coming of the recruits, each company will be filled to 200 men, and it is then expected that the fourth company will be started, according to recent information from Washington. Indications were this week that possibly more men would be sent here as soon as definite policies were received regarding the camp.

Major J. E. Watson returned Monday from San Antonio where he conferred with army officers regarding the Palo Duro project.

No word has been received regarding the bids on the barracks, but it was expected that construction will be started during the coming week or ten days.

Colonel Edmunds conferred with W. J. Van London regarding the highway situation. He was concerned regarding the slow progress that was being made on this construction. Moving supplies to the camp was pointed out to be a most difficult problem and it was necessary to have assurance of a completed highway before the possibilities of bad winter weather.

F. A. Dale, representative of the National Park Service, writes from Austin expressing pleasure at the progress being made on the Palo Duro project.

SON OF MRS. A. C.

WEST KILLED MONDAY

Marvin S. Sisson of Amarillo was killed Monday when his motorcycle was hit by a car driven by A. C. Darnell north of Amarillo. Charges of driving while intoxicated and of murder were filed against Darnell.

Mr. Sisson was a son of Mrs. A. C. West of this city.

The funeral services were held in Portales yesterday.

Supt. J. W. (Ted) Reid of Dumas was a visitor in Canyon Tuesday.

Palo Duro Park News

(By David De Witt, Engineer's Office, Palo Duro State Park).

Progress on the scenic drive continues to the satisfaction of officials despite the fact that the strength of the enrolled personnel has been reduced almost fifty per cent. Practically the entire course of the drive to the bottom of the canyon is under construction; 3,000 feet is ready for the grade finish and the power shovel has only 300 feet to go to be through the most difficult thousand feet of hard-rock ledge along the edge of the second mesa.

A location for the lodge and cottages has been definitely approved and is one of the two which has been under consideration for some time. Already, a party is at work on preliminary plans for quarrying suitable stone for use in construction of the buildings and actual plans are expected in the next few days. There are to be twenty cottages.

The horseback trail is complete. It begins three-quarters of a mile west of the lodge-site, winds down to the floor of the canyon for a mile and a half and ends at the old Goodnight Dugout.

Other items of the program are going forward in accordance with original plans.

1160 sticks of dynamite weighing 390 pounds were used by a blasting crew last Friday on a single shot. It is the biggest shot to date and dislodged some 11,000 yards of rock which weighed over two thousand tons.

Up to now the project has required nearly five tons of dynamite and over four tons of black powder.

Announcement is made by S. O. Miller, Superintendent, of the appointments of J. W. Graves and R. G. Finney as Assistant Superintendents, effective October 10th. Mr. Graves is appointed to fill the place of Captain E. M. Owens, recently resigned to accept active army duty as a Captain of Artillery assigned to Company 1828. Mr. Finney fills the place of Col. Oscar A. Seward who last week tendered his resignation to the National Park Service in order to accept a post at Groesbeck, Texas, with the Highway Department.

Col. Seward is a veteran road builder. He has specialized in this line of work for many years and belongs to the most important organizations of highway engineers in the country.

Members of the community surprised Mrs. J. J. Bauer with a delightful dinner Sunday. The event was in honor of Mrs. Bauer's birthday, although her birthday was a week past.

Mr. and Mrs. Clarence J. Bauer spent Sunday in the parental L. A. Donnell home.

Mr. and Mrs. C. W. Bauer spent Wednesday in Canyon.

Commissioner J. J. Bauer attended court in Canyon Monday. He spent Tuesday in Amarillo on business.

Mrs. Clarence J. Bauer, Mildred Hogland, Mrs. L. A. Donnell and daughter, Kate Eileen, spent Saturday in Amarillo shopping.

Church services for the community will be held in Happy Sunday afternoon at the usual hour and meeting place.

Mr. and Mrs. Clarence J. Bauer spent Monday evening visiting in the home of Mr. and Mrs. Odie Collins.

Mr. and Mrs. Dick Beeler of Amarillo were callers in the J. J. Bauer home Sunday evening.

CHAMNESS VISITED SCHOOLS ON THE NORTH PLAINS

Deputy State Superintendent E. E. Chamness went to Mobetie Monday and is spending the days until Friday conferring with school officials in the Northwest Panhandle.

Last Saturday he met with the teachers of Gray county and Pampa at Pampa, where he was one of the speakers on an all-day program. In the afternoon he returned to Amarillo where he spent several hours answering questions of the teachers and school board members of the Potter county schools.

Mrs. Maggie Latimer Hinds, a student of last year, is now teaching in the Leslie school in Hall county.

Howard Cox, who was graduated this year from the college is teaching near Kirkland.

CANYON GOLF TEAM LOST TO AMARILLO

Only 13 golf players from Canyon made the trip to Hill Crest in Amarillo Sunday for the return tournament engagement.

With several of the aces not present, the Canyon team lost 3 to 10.

Miss Wertha Tartar of Wellington and Miss Grace Weigman of Claude were week end guests at Rest Cottage with Miss M. Moss Richardson and the girls who reside there.

W. T. Breakfast To Feature Teachers' Meet

There will be a West Texas State Teachers College breakfast at the Texas State Teachers Association at Austin. It will be Friday morning, December 1, and J. Evetts Haley, University Station, Austin, has been asked to make the local arrangements.

Austin is the center of so many things that it is expected that there will be a very large gathering of ex-students and faculty members there.

The program as tentatively arranged includes a short address by Mody Boatright of the class of 1922, now a member of the Texas University faculty; a humorous reading by Mrs. J. Evetts Haley, former member of W. T.'s faculty; greetings from Dr. J. A. Hill; introductions and brief topics of news.

The president of the Ex-students Association, T. H. McDonald, will preside.

SPINACH IS FINE

B. T. Johnson brought a spinach stalk to the News office this morning which was 64 inches in length. It was the longest stalk he has ever raised.

Mr. Johnson states that he has never had better tomatoes than he raised this year, in spite of the unfavorable weather.

ST. PAUL'S LUTHERAN CHURCH 5 miles east of Canyon.

Sunday school at 10 a. m. Services, German, at 11 a. m. Services, English, at 3:30 p. m. The Rev. A. R. Allmann of Clovis will have charge of the services.

Visitors are welcome.

H. A. Stroebel, Pastor.

Do Your Shopping in Canyon

End of Their Balloon Ride

Sick, exhausted and bedraggled, Ward T. Van Orman and Frank Trotter, American balloonists who participated in the James Gordon Bennett races and were missing for nine days after their balloon left Chicago, are shown above after their rescue from the Canadian woods north of Sudbury, Ontario. After crashing in the Thor Lake area, the two balloonists succeeded in summoning assistance by cutting down a telephone pole, on which they attached a note telling of their plight. A hydroelectric employee found them. Van Orman, left, and Trotter are shown seated beside each other in the canoe.
